COUNTY LOSES ON PRESENT LAW

In Year and One-Half of \$7,069.97
in Auto License Fees Paid in
\$5,449 is Returned.

LOSS OF \$1,620.75 IS SHOWN

Report of Third Settlement, Last
One in 1914, is Just Received
by County Treasurer.

In the year and one-half that the present automobile registration law has been in effect Rush county has lost \$1,620.75 of the amount paid by the owners of the machines to the state. The third settlement since the law went into effect and the second for the year 1914 has just been received by County Treasurer Williams. In the three settlements Rush county has paid a total of \$7,069.97 to the state and received back \$5,449.22.

The settlement just made is for only \$379.44 and is known as the January settlement. The largest part of the automobile license fund comes at the July settlement as the machines are registered for the entire year from January 1, and the amount just received by the county treasurer represents new machines that have been purchased since last July and which were registered in the middle of the year.

There has been considerable agitation for a change in the present law in order that the counties might get back a large percentage of the money that is paid in. Rush county is not nearly as bad off as some other counties, but farmers and tax-payers here are almost unanimous in declaring that all the money collected for automobile licenses in Rush county should be kept in Rush county and spent on Rush county roads. At present there are several bills pending before the legislature along this same line.

The bills now before the legislature seek to let the counties take care of the money without going through the hand of the state and thus prevent a loss from the original amount paid. As a result of these losses to the county, officials here are in favor of a bill to turn over all of the auto tax money directly to the county. The two bills now before the legislature are considered unsatisfactory, as one places the automobile licenses in the hands of the county treasurer and the other with the auditor.

More radical men have been found here who even go so far as to favor keeping of the money in the various townships from which the automobiles are registered.

Under the present law the amount turned back to the county is divided three ways. One-third of the sum is given according to the number of miles of improved roads, one-third for the net registration and one-third equally distributed according to net receipts. Under the report Rush county had 258 miles of improved roads. In the first two reports the number was placed at 255 and this was corrected in this report and \$4.96 sent to correct the error.

The present law, it will be remembered, went into effect in July, 1914 so that the first time the amounts received were for only half the year. The following shows the losses here since the law went into effect:

Paid	Received
Total 1913--\$1,979.83	\$1,327.45
First 1914--4,647.14	3,751.33
Last 1914--443.00	370.41
Total ----\$7,069.97	\$5,449.22

Mrs. Walter Richey of Milroy underwent an operation this morning at the Sexton Sanatorium.

ANARCHY GRIPS CAPITAL

Mexico City Has Reign of Terror
Following Departure of Garza.

(By United Press.)

Washington, Jan. 28.—Anarchy according to reports today. The death and terror gripped Mexico City, departure of Provisional President Garza, while expected, plunged the city again into a state of desperation. Inhabitants are leaving the city. Robberies are frequent. Looming above is the danger of food famine. Food prices are abnormal. The needy are suffering and threaten rebellion. Garza will probably in a few days be succeeded by General Angeles.

OVER 300 ATTEND POSEY INSTITUTE

Farmers Meeting at Arlington Wednesday Holds Considerable Interest—Prizes Awarded.

NEW OFFICERS ARE ELECTED

A crowd of over three hundred attended the Posey township farmers' institute at Arlington yesterday. The speakers were Mrs. R. A. Ogg and Lewis Taylor and the institute was held under the auspices of the extension department of Purdue university. The officers for next year are A. W. Rigsby, president; John Hufford, vice-president; Clark Outfit, secretary and treasurer.

As usual the corn show and domestic science exhibits were one of the features. The corn show awards were as follows: ten ears of yellow corn—O. J. Miller, first Henry Jessop, second; Frank Earnest, third and John Hufford, fourth. Ten ears of white corn—Cary Thares, first; W. H. Pitts, second. Best single ear—John Hufford first and W. H. Pitts, second.

The domestic science awards were as follows: yeast bread, Mrs. Alice Swain, first; Mrs. Hyatt, second; salt rising bread, Mrs. Hyatt, first; Mrs. Clara Rigsby, second; cornpone, Mrs. Clara Rigsby, first; Mrs. Lottie Sparks second; butter, Mrs. R. J. Phares, first; Mrs. Mary Swain second; dark cake, Mrs. James Alsmann, first; Mrs. Nettie Ward, second; white cake, Mrs. Nettie Ward, first; angel food cake, Mrs. Mary Swain, first; pickles, Mrs. Hannah Havens, first.

PERFORMS A FEAT WITH BROKEN BONE

William Cook Puts Pet Cat's Leg in Splints and Makes it as Straight as Ever.

THE BONE KNITS PERFECTLY

William Cook, 1004 North Main street, some weeks ago found his pet cat caught in a steel trap that had been set for rats. The bone in the cat's foreleg was broken and when found was trying to chew off the foot in order to free itself. Instead of killing the cat Mr. Cook decided to practice a little surgery of his own and set the broken bone in splints. It was an experiment with Mr. Cook but was successful.

Yesterday he removed the splint from the broken leg and found that the bone had knitted together perfectly and was straight. Mr. Cook was greatly pleased with his work, which is a little out of the ordinary. He left the splint on the broken leg for about six weeks.

OFFERS CHANCE TO INCREASE PAY

If Bill Introduced Yesterday Becomes Law, Councilmen Here May Raise Their Salaries.

TO AS HIGH AS \$180 A YEAR

W. R. Jinnett's Bill Furnishing Method to Give Outlet to Isolated Land is Introduced.

If the bill introduced in the senate yesterday by Senator E. A. Norman of Hope, representing Bartholomew and Decatur counties, the salaries of the councilmen in cities like Rushville may be increased from one hundred dollars a year to any sum up to one hundred and eighty dollars a year.

The salary of the present councilmen in Rushville and other cities of the fifth class is restricted to one hundred dollars a year. Many persons have felt that sum is not near enough for councilmen who expend so much of their time in looking after the city's interests.

Representative W. R. Jinnett of this city late yesterday introduced his bill to make possible the opening of roadways to sequestered land. The measure, if it becomes a law, would allow a petition to force a roadway through land adjoining a roadway to isolated land, thus allowing the land in the interior an outlet.

Edward C. Eikman, of New Palestine, senator from Rush, Hancock and Fayette counties, late yesterday introduced in the senate a very unusual bill providing a method to procure a guardian for a "deadbeat." He proposes the appointment of guardians to receive the salary, pay or estate of a "deadbeat" and to administer his affairs in much the same way as a guardian cares for the affairs of a minor or incompetent.

The proposed bill stipulates that any merchant, or any one else, may apply to the Probate Court for the appointment of a guardian for a habitual "deadbeat." A notice of ten days would be given, if the "deadbeat" did not appear or be represented by an attorney the prosector would act for him. If it were shown that he "willfully refuses or willfully neglects" to pay his just debts the court would have authority to appoint a guardian, who would pay his ward's debts and handle his funds or estate until such time as it could be shown that the debts had been paid. Then the "deadbeat" might apply to the court and be released from guardianship.

"Some with whom I have talked have feared such a law would make much extra work for our courts," said Senator Eikman, "but I do not believe such would be the case. I believe the moral effect of such a law would be such that the 'deadbeats' would not wait to have guardians appointed, but would pay up."

GETS \$5 AND COSTS.

Herbert Estelle, of Knightstown, was fined \$5 and costs this morning by Mayor Beabout on the charge of public intoxication. The fine was stayed. It was his second appearance before Mayor Beabout.

TO TAKE WHITESIDES.

Henry W. Whitesides, a well-known resident of this city, who was recently declared insane will be taken to the Madison asylum tomorrow by Sheriff Cavitt. Whitesides has been at the county asylum for some time awaiting the lifting of the smallpox quarantine at the Madison institution.

CROWDS GROW LARGER NIGHTLY

Intense Interest in Lectures Being Given by Dr. Z. T. Sweeney at Christian Church.

STANDARD SET LAST SUNDAY

Sermons Remain on Same Loftiy Plane and Audience Follows Him Most Earnestly.

Dr. Z. T. Sweeney of New York, who is preaching a series of sermons at the Main Street Christian church, will speak tonight at seven-thirty o'clock on the subject, "The Church of God and Who May Belong to It." Following in natural sequence the sermon last night on the subject, "The Work and Mission of The Holy Spirit."

The audiences continue to grow and the sermons remain on the same lofty plane. Mr. Sweeney set a high standard in his Sunday sermons and has conformed to that standard most splendidly. Speaking for almost an hour each night he is holding his hearers in rapt attention and they follow him so eagerly that they are sorry when he has finished—sorry yet satisfied for he has been feeding them on substantial food of thought.

His sermon last night was a thoroughly prepared and splendidly delivered discourse. It showed that he has spent much time in the study of this theme, a much neglected topic now-a-days. Around the subject has gathered a vast amount of false teaching. Mr. Sweeney based his remarks on no works of men, but going direct to the Bible, the Christian text book he outlined the mission and work of the spirit.

Contending that the mission of the Spirit is limited to the church he briefly enumerated the works of the Spirit. These include among others the work of convicting the age of sin, righteousness and judgment at His coming; of bearing witness with our spirits that we are sons of God; and of sealing us in our sonship.

A general invitation is extended by the officers of the church to all to enjoy and profit by these lectures.

GERMAN LOSS IN THREE DAYS 20,000

French War Office Asserts Enemy Has Suffered Heavily in Fighting in Flanders.

ENGLISH REPULSE THEM ALSO

(By United Press.)

Paris, Jan. 28.—German losses in the past three days of fighting in France and Flanders total at least 20,000 the French war office asserted today. In three days of fierce battling for the heights near Craonne the Germans have lost between 7,000 and 10,000 in killed and wounded. The French had repelled desperate attacks on their positions in the hills in that region with total of losses of not more than 800, it was stated.

Equally disastrous were the German efforts to seize strong positions held by the English west of LaBasse.

Jim Daniels, colored, of this city, won two firsts at the old fiddler's contest in Connersville Monday night. Daniels only played twice and won in both events.

NEWPOINT WOMAN EXPIRES

Dies at Home of Parents, South of City From Tuberculosis.

Mrs. Larinda Wright, 33 years old, wife of Calvin Wright, of New Point, Decatur county, died last evening at five o'clock at the home of her parents, Mr. and Mrs. Anderson Gross, south of the city. Mrs. Wright had been ill for a long time suffering from tuberculosis and had been ill for a long time suffering from tuberculosis and had been at the home of her parents for over a month. Besides her husband and parents she is survived by two sons. The remains will be taken to New Point Friday morning where the funeral services will be conducted.

"DRYS" PERFECT AN ORGANIZATION

Announced Today Temperance Forces Will Have Workers in Every Precinct in the City.

MEETING HELD LAST NIGHT

An organization to cover every precinct in the city is the expectation of the "dry" workers. At a meeting last night an organization was formed and plans outlined for the coming "wet" and "dry" fight. The officers of the "dry" organization are A. L. Gary, chairman; William E. Wallace, vice-chairman; A. C. Brown, treasurer, and Leonard Clark, secretary.

It is the intentions of the "dry" workers to have a perfect organization and to fight the "wets" to the end. They believe that half of the fight is in organization work and plans to this end are to be carried out. Plans as to public speaking and speakers were not discussed last night but will be taken up in a few days.

DUKE CASE GETS TO CIRCUIT COURT

Enters Plea of Not Guilty Following Squabble Over Intent to Kill Clause.

RICHARDSON WAS PRESENT

Walter E. Duke was arraigned in the circuit court this afternoon before Judge Sparks on the charge of assault and battery with intent to kill and entered a plea of not guilty. A similar charge in Squire Kratz's court was dismissed. Duke is alleged to have shot Frank Richardson, colored, with intent to murder.

As soon as the affidavit was filed Prosecutor Stevens moved to nolle the intent part, but Judge Sparks refused, and asked Stevens why he had put the intent part in the affidavit if he did not intend to prosecute along this line. Judge Sparks stated that he would take the motion under advisement and let the record show an arraignment and a plea of not guilty.

Richardson, the injured party, was in court. He has a damage suit pending against Duke and the impression got out in the court room that an agreement had been reached and he was not over anxious to prosecute Duke for shooting him.

J. E. Ryburn was a visitor today in Indianapolis.

LEGISLATURE IN A PLAYFUL MOOD

Senate Plays With Civil Rights of Married Women and House Romps With Animals.

WOMAN'S BILL IS SHEARED
Republican Floor Leader Introduces Resolution Calling For Regulation of Salaries.

(By United Press.)
Indianapolis, Ind., Jan. 28.—The legislature was in a cheerful mood today. After receiving big measures the senate played with the civil rights of married women while the house romped with wild animals.

When Senator Reidelbach's bill to allow married women to make contracts without the consent of their husbands was brought up for passage, the emergency clause was removed. Then the first section was removed. Then the second section was killed. Finally the enacting clause, which was the first and most important thing in the bill, was stricken out.

The house killed the Mathers bill to repeal the law prohibiting the use of ferrets in hunting. The house passed the Erny bill permitting the transportation of wild animals bred in captivity and the Feick bill extending the closed season of squirrels until August 1.

Quick exchanges were occasioned in the senate today when Senator Robinson, Republican floor leader in the senate, introduced a joint resolution calling on the state board of accounts to investigate all salaries paid state, county and township officers and to draft a bill to equalize all salaries on the basis of a duties performed. The bill would make all fees the property of the state, county or township.

Governor Ralston said late this afternoon that he had not yet accepted the resignation of Senator Stephen B. Fleming, millionaire brewer, presented to him yesterday.

Fleming was still in the city today. It was reported that a delegation from Fort Wayne was on the way here to urge Fleming to remain in the senate.

Fleming's denial that he resigned because of the anti-lobby bill leaves no actual reason on the surface.

Fleming can not withdraw his resignation now without the consent of the governor to do so.

Bills introduced in the senate were: Eickman, making two degrees of burglary the first entering homes and the second entering business establishments; Elsner, rebuilding worn out roads.

Are Your Boys Well Dressed?

A healthy boy is a constant problem—especially when it comes to the question of clothing.

He can demolish shoes and stockings, tear trousers and work general destruction in ways that are almost incredible.

Every mother who has a boy to keep clothed should be an advertising reader.

She needs every penny's worth of buying knowledge she can get. She wants to know where to get quality and where prices are the lowest.

There is no better guide to the answers to the "Boy problem" than in the advertising columns of The Daily Republican.

\$100,000,000.

The United States internal revenue department receives directly from the brewing industry over one hundred million dollars each year.

This is the tax on beer and brewers alone and does not take into account the tax paid by thousands of retailers who handle the brewery's product.

When the government found its customs receipts cut off by the European war it turned to the brewing industry to make up the deficit and increased the tax on beer from \$1 to \$1.50 per barrel, or 50 per cent.

Beer is not only helping the nation financially, but it is leading the American people to true temperance.

Increased sales of pure wholesome beer mean increased temperance as well as increased revenue to Uncle Sam.

The growing consumption of malt liquors is but the popular verdict that beer is good for mind and body.

\$300.00 FIRE PREVENTED

The House the Red Jacket Saved

Read This Letter:
"Several years ago I called on Lane & Evans to buy a pump and they almost forced me to buy one of your Fig. 28 Red Jacket Double-Acting Force Pumps and fifty feet of hose when I only intended to buy a cheap set length pump. Mr. Lane put up such strong argument on 'fire protection' that I followed his advice and bought the Fig. 28, little thinking that it would be of any service to me in that respect. Shortly after the pump was installed, my barn caught fire and had it not been for this pump and hose and the thoughtfulness of Mrs. Barnett, my barn, house and all buildings on the place would have been destroyed."

CLAUD BARNETT

Milan, Mo.

IT WAS A

RED JACKET "SO-EASY-TO-FIX"

Double-Acting Force Pump. It cost Mr. Barnett a few dollars more but was easily worth it. Have you proper fire protection? If not, we will help you to secure it. Call upon us.

FIRST EXAM TO BE NEXT WEEK

Teachers Will Have First Opportunity to Write of Vocational Education Questions

MUST PASS THEM BY FALL

After September 1, 1915 all Teachers Must Have Made Passing Grade on Practical Arts

The first opportunity of the teachers of Rush county to take an examination in the practical arts which will be taught throughout the county the next school year will fall on the last Saturday in this month which is day after tomorrow. Examinations will be held the last Saturday in the month thereafter until August and teachers may write at any one of these. After September 1, all teachers in these subjects must have passed an examination prepared by the state board of education.

Following is the letter addressed by Mr. Greathouse to the teachers and to the city and county superintendents of the state:

"Section 5 of the Indiana vocational law provides that elementary agriculture shall be taught in the grades of all town and township schools; elementary industrial work shall be taught in the grades in all city and town schools, and elementary domestic science shall be taught in the grades in all city, town and township schools. The state board of education shall outline a course of study for each of such grades as they may determine, which shall be followed as a minimum requirement, and also outline a course of study in agriculture, domestic science and industrial work, which they may require city town and township schools to offer as regular courses.

"You will recall that the state board of education adopted as a minimum requirement for this work that either agriculture or industrial work for the boys and domestic science for the girls be taught in the seventh and eighth grades in all the schools of the state for at least two periods per week, and that all commissioned and certified high schools in the state be required to offer a full year's work in domestic science for the girls and a year's work in either agriculture or industrial arts for the boys.

"Since all of the schools of the state are being urged by the board to develop this practical arts work as rapidly as possible, a request which is very generally being complied with, these minimum requirements will probably not be changed this year.

"After September 1, 1915, all cities required to teach these practical arts subjects must have passed an examination in these subjects prepared by the state board of education.

"This letter is sent you to give information in regard to the licensing of teachers for this practical arts work."

Following are the rules and regulations for licensing teachers in practical arts subjects:

"After September 1, 1915, all teachers required to teach elementary agriculture, elementary industrial arts or elementary domestic science in the public schools of the state must have passed an examination in these subjects prepared by

the state board of education. (See Section 5, Vocational Education Law.)

During the examination year of 1915 there will be provided examinations in the above named subjects for supervisors and special teachers under the same conditions as heretofore. All supervisors and special teachers of these subjects will be required to hold a supervisors' license in the particular subject or subjects they teach. (See page 34 of special bulletin No. 5, vocational series No. 3, February, 1914.)

All examination papers for special teachers and supervisors of the practical arts and subjects will be graded at the state department as heretofore.

In addition to the questions for special teachers and supervisors there will be questions in the practical arts subjects on the common and high school lists, for regular teachers required to teach one or more of these subjects in connection with their regular school work. All regular high school and grade teachers, required to teach one or more of these practical arts subjects, will be required to hold, in addition to their regular license, a special certificate in the practical arts subjects or subjects they are required to teach.

SOARS ABOVE \$1.50 TODAY

Wheat Reaches This Mark Only 4

Times Since Civil War.

(By United Press)

Chicago, Jan. 28.—Only four times since the civil war has wheat reached the high point today when May options sold for \$1.57 7/8 per bushel. It is estimated that only fifty million bushels remain to be exported. Forecasts of two dollar wheat before the war ends were frequent today.

May wheat opened today at \$1.56, an increase of one and five-eighths cents. July wheat opened at \$1.35. Immediately after the opening wheat began to range downward.

PETITION HAS NOT YET BEEN FILED

"Wets" Will Probably Wait Until Last Moment Before Asking For Election.

NO TIME LIMIT SET IN LAW

The Princess will show a two reel feature "The Riddle of the Green Umbrella" for the first picture tonight. Alice Joyce is featured and it is a story full of thrills, telling a novel detective story. The other is a drama entitled "The Unknown Country." Edgar Jones and Louise Huff are featured in this one. Tomorrow night the three reel feature "The Painted World" will be shown Anita Stewart, Julia S. Gordon and Harry Northup are featured.

The Mystic will show the big four reel feature "Tess of the Storm Country" for the program tonight. Miss Mary Pickford is featured and it is said to be a great production taken from the play and novel of the same name. The picture follows the story all the way through and is given in more detail. The first show starts tonight at six-thirty o'clock. Tomorrow night the two reel feature "Hope Foster's Mother."

Tonight, The Gem will show King Baggot in "The Treasure Train" at two part Imp drama. A young train dispatcher is attacked by train robbers, who bind him, and then proceed to change the signals for the treasure train that is due. The dispatcher kicks the key of his instrument, which arouses a pretty girl operator at a nearby station. The girl takes a thrilling hand-car trip to the station, puts the signals back in position, and has the satisfaction of seeing the treasure train shoot safely by, and later the robbers apprehended. But big corporations forget, and a year later the girl receives a discharge notice. The train dispatcher, from whom she saved the day, now a high official on the road, goes to the front for her. Then you hear—or see the new official's story of the girls pluck, and learn that it is saved her job. By request of hundred of our patrons, we will keep Ogden and Benson, entertainers De Luxe, for the balance of this week. They will have a complete change of songs and music each night.

According to reliable information the petition asking for an election contains a total of 437 names. The required number is 295 as this is twenty per cent of the total vote for mayor at the last city election. It was the original petition of the "wets" to file the petition yesterday but a change in plans was made for some unknown reason.

Local News

There will be a call meeting of Tri Kappa at the home of Miss Mary Amos in North Perkins street Friday afternoon. Every member is urged to attend.

Wat Dye underwent an operation at the Sexton sanitorium at noon today. It was imperative that the operation be performed at once, but it was said this afternoon he was getting along all right.

Dr. and Mrs. C. H. Gilbert entertained the Rev. Z. T. Sweeney, of New York, at dinner today. The Rev. Mr. Sweeney and the late Alfred Gilbert, father of Dr. Gilbert were close friends.

Word was received here today that an 8½ pound baby son was born to the wife of Ralph Peterson, in Piqua, O., last Monday. Mrs. Peterson was formerly Miss Harriet Steeh, daughter of city treasurer, J. P. Steeh, of this city.

Newcastle Courier: Sheriff Bouslog Tuesday afternoon brought Charles Brooks from Knightstown and placed him in the county jail. Brooks was found guilty in a justice of the peace court of intoxication and was fined \$14. He failed to pay the fine and must stay in jail fourteen days.

Attention was called to the fact today that it was John Wesley Alexander of Gwynneville instead of James M. Alexander who was one of the pupils living out of a class which was organized April 8, 1842 in this county and taught by James Alexander, grandfather of William M. Alexander, Sr., of this city.

TO BE CALLED BIG LEAGUE

Draft Rule Will Not Operate in American Association.

(By United Press.) Chicago, Jan. 28.—The American Association today became in effect a major league when President Chivington announced that the national commission had consented to removal of application of the draft rule from that organization.

Besides the removal of the application of the draft rule to the American association, that organization will be permitted to enter certain major league territory.

The case of Mark Vandenberg of Knightstown, who was interested in a big suit on notes and for the appointment of a receiver tried here, ready to go to the jury today.

What Our Ancestors Left

Our Colonial ancestors left us as part of their domestic legacy many habits and some customs that have been cherished with filial piety for many generations, and we have come to regard them as a part of the unwritten laws of our existence. Among them might be mentioned some of the pernicious products of the kitchen, such as the hot "riz" biscuit washed down with ice water, and the hominy floated in hog's grease; while in the lesser atrocities may be classed pie for breakfast, fried meats and the concoction known in the restaurants as "stew and dump." So says Surgeon Banks of the United States Public Health Service. In a measure there are local punishments, for our stomachs being the first line of defense bear the brunt of the assault. Only the brave deserve that fare. But while these relate to the sustenance of man the patients descendants of our worthy forbears have carried a load of other customs home the less reprehensible because they seem to be practiced with some semi-intelligent application. To be sure we continue to plug up our windows in winter, or double-sash them to prevent any ventilation, and then pile on the fuel till we reach 80 degrees triumphantly and sit and stew in that intemperate zone day after day, week after week, and month after month. We have come to regard that as a comfortably heated house, for winter, and yet when we get 80 degrees in summer, natural atmospheric heat in the shade, we puff and fume and mop our brows and call it a suffocatingly hot day. It took many generals of protesting victims to relegate the insanitary feather bed to its merited desuetude. Even now, in many of the remoter districts, this Leviathan of our sleep which almost swallows its victims in an amoeboid grasp may yet be found doing its lethal work on a generation that knows not its capacity for evil.

Even so we have become the legatees of our grandsires in that iso-thermic obsession concerning "flannels," meaning underclothing in general, by which we delude ourselves that we are cheating the doctor and the undertaker. As a matter of comfort, cleanliness, convenience and cover we have come to wear in our civilized life a suit of clothing under our street apparel, and it is to this underclothing that we turn our attention in this brief essay in protest. Designed chiefly as an inner garment to hold the moisture and exfoliations of the skin, and of a texture suitable for constant laundering to insure cleanliness, it has become the chief vehicle for many men's hygienic hallucinations. The large and increasing class who carry in their wardrobes several "seasonal" varieties of underclothing, alternating from the imperviously thick to the gauzily thin "flannels" is a source of wonder to that other class who wonder what it is all about. It cannot be said that it is the leisure-sated individuals who affect these varying degrees of light, medium and heavy underclothing, and are prepared to confront any range of "weather" on the sliding scale oasis, but the average man is so surfeited with this "flannel" fetish that he is a regularly constant devotee of its false and fraudulent worship.

The idea is simple and the fall easy. He looks out of the window in the morning and finds the wind easterly and the sky cloudy. Pedestrians in the perspective have hand in their pockets, and the old faithful thermometer is consulted as the infallible underclothing gauge. It has fallen a few degrees since yesterday when he wore "light" weight. Inference—"medium" weight for today, and "medium" weight it is. At noon, sun comes out, the wind shifts to southwest and a rising temperature begins to show considerable caloric units. Our brilliant hygienic expert begins to perspire and on the shady

sides of the streets feels a chilly sensation. Now it is either one or the other to meet the situation, heavier flannels to counteract the chill, or lighter weight to check the perspiration. He toddles home, gets heated in the walk, becomes hotter in the house, and decides on light underclothing. Everything goes on comfortably until night, when there is a sudden change again, cold "norther" drops down, and the last shift of the day is made to the heavy weight, and our scientific dresser is satisfied that he has executed several successful flank movements on the weather. Next day or two he has a slight infectious "sore throat" cold, as a result of over-heating and his "draft," and relates to his wondering friends how he got it—"made a mistake in not putting on my heavy weight earlier in the day." And he believes it—as the colder the day the thicker the merino, the warmer the day the thinner the balbrigan. Simple—and soporific.

This astute philosopher who spends his days in "fooling" the weather is simply fooling himself. Instead of attaining his end, the end attains him by any one of a dozen processes designed for the purpose of putting a period to outraged nature. Instead of dressing for indoors with his under-garments he has been dressing for out-door temperatures and left himself a victim of his obsession when he comes again into the summer warmth of his house.

Dr. Banks says that those who do not do this and wear the same weight of underclothing the year round are simply allowing the skin to attend to its normal functions unhampered. They escape the penalties which nature meets out to those who violate her laws, not because they are naturally strong, but because the protective envelope of the body is permitted to perform its important duties of regulating the body heat and the exhalations of the system. The logical dressing should be for indoors in winter and when the cold, inclement season is on, outside "wraps" should be donned to keep us comfortable when out of doors.

The Indiana Times is pointing to hat wonderfully progressive statesman, John W. Kern, who, with some of his co-workers, Bryan et al., are trying to foist off a direct primary election law on the people of Indiana—the same Kern who, with his other Democratic colleagues, dodged the woman suffrage and prohibition amendments under the pretense that they were questions to be dealt with by the states.

Last November the Republican party received approximately six million votes, which is more than were cast in an off year election in the history of the party and more than were cast for any Republican candidate for president, excepting McKinley, Roosevelt and Taft. Not so bad for a party that some folks who have set themselves up as dictators of the destinies say needs reorganization.

It is very thoughtful of the Democratic press to remind us that farmers do not want saloons after they (the Democratic press) supported a brewery machine in Indiana which repealed the county local option law and supplanted it with city and township option, thus thwarting the will of the farmers who are directly interested in the welfare of their seat.

Some of the yellow magazines like the Saturday Evening Post which cried to destroy the Republican party in 1912 because President Taft would not consent to haul their magazines at a loss are now pretending to dictate who the party shall nominate for president. The Republican party's nominations should be made by its friends, not its enemies.

One-Spoonful Gives Astonishing Results

Rushville residents are astonished at the **QUICK** results from the simple mixture of buck-i-ka never gripes, is safe to use and the INI This remedy acts on BOTH upper and lower bowels and is so THOROUGHLY a bowel cleanser that it is used successfully in appendicitis. ONE SPOONFUL of Adler-i-ka relieves almost ANY CASE of constipation, sour or gassy stomach ONE MINUTE after you take it, the gasses rumble and pass out. F. E. Welcott, druggist.

What Our Neighbors Are Talking About
+++++

BURLESON CALLS

(Fort Wayne News.)

Postmaster General Burleson is squirming with agony under the harpoon of the second-class mail matter graft which causes his department to make a miserable financial showing where it should show an immense profit. He has begun to realize finally that where the government charges only one cent a pound to handle matter which it costs from seven to nine cents to handle there is bound to be an embarrassing state of affairs, especially where the immensity of the volume of the matter each year grows greater.

In his annual report to congress Burleson asks the repeal of the law prohibiting the sending of second-class mail matter by fast freight and urges an increase in rates from one cent a pound to two cents. Explaining his change of attitude, Mr. Burleson says:

"During the fiscal year 1914 the mailings of newspapers and periodicals as second-class matter at the cent-a-pound rate and free in country of publication aggregated 1,088,686,120 pounds, an increase of 31,078,608 pounds, or 2.94 per cent over the mailings of the previous year. The fact that the drain on the postal revenues resulting from handling and transporting second-class matter at non-compensatory rates is constantly becoming heavier emphasizes the necessity of taking some steps in the direction of readjusting the rates on second-class mail."

During the Taft administration it will be remembered that an effort was made to correct in a measure this enormous abuse, but immediately from the publishers of the country there came a storm of angry protest. Mr. Taft and Postmaster General Hitchcock were denounced as the "enemies of education" and the figures of the cost of the service which they presented were flatly contradicted. As a consequence the president appointed a commission of experts to investigate and this commission in its report sustained the administration's contentions on every point. It was shown that it cost the government from seven to nine times as much to handle second-class mail matter as it received for the service and that the losses amounted to millions every month. But congress refused to act. Demagogic congressmen, backed by the publishers who controlled the avenues of publicity, made a determined fight and the facts were shamefully misrepresented. President Taft was bitterly attacked at every possible point and a studied campaign to discredit his administration was systematically inaugurated. Undoubtedly this influence more than all others contributed to his undoing, for the power arrayed against him was strong enough to either make or break any man.

And now Mr. Burleson has learned by sad experience that the representations of the Taft administration were all too true and that something must be done to correct the abuse if the postal department is ever to be placed upon a self-supporting basis. As he mildly calls on congress for relief, it will be interesting to observe what this great "reform" body will do about it. It will be interesting, we say, but it can be easily foretold in advance. It will do nothing.

+++++
WANTS LAW TO PREVENT GIRLS SHOWING ANKLES.
+++++

(By United Press.)

Indianapolis, Jan. 28.—"You should pass a law to prevent girls from showing their ankles," wrote a citizen of Scottsburg to Perry Rule, representative from Carroll, Howard and Miami counties, author of the abatement bill. "It is all right to put out the red lights, but you must go further."

The writer then explained that for a bachelor to sit opposite a delicious display of hosiery while the wearer also wore a "buy it now" expression was too much.

"I am not willing to pass such a law," said Representative Rule today, but I am willing to put blinders on the bachelors.

"That would be class legislation," said Representative Branaman and the bachelor's organization will get you if you don't obstruct the view of married men."

MOST IMPORTANT G. O. P. MEETING

Indiana Republican Editors Will Banquet Tonight Followed by Open Gathering Tomorrow.

G. W. HINMAN THERE TONIGHT

Friday Night Senator L. Y. Sherman of Illinois Expected to Say Something of President.

(By United Press.)

Indianapolis, Jan. 28.—In the absence of a Republican love feast this winter the gathering of Republican editors here today followed by the open meeting tomorrow night and the address of United States Senator Lawrence Sherman of Illinois, is the most important Republican event of the season. A strong program of speeches has been arranged, but Sherman's speech tomorrow night is expected to carry to Indiana the Republican battle cry in answer to the recent Indianapolis speech made by Pres. Wilson. This meeting in the Marion club, will be open to all.

George Wheeler Hinman, president of Marietta College, Ohio, will address the editors and their wives tonight at the Hotel Severin. The business session, including the election of officers for the ensuing year, will be held Friday morning. George B. Lockwood, publisher of the Muncie Press, is now president.

Those familiar with Senator Sherman and his views expect him to say some striking things in a striking manner tomorrow night. The Marion Club has arranged to seat 1,200 and such is the senator's fame that Republicans from all corners of Indiana are expected to hear him.

Reports from Illinois, where Senator Sherman's views are known by everyone of the Republican faith—he always says what he thinks—state that the senator will handle Pres. Wilson, his administration and its achievements without gloves. He will attack what he terms "Democratic extravagance," probably pointing out, as he has said in the Suckler state, that the "disbursements of the government exceeded its receipts by nearly 15,000,000 from December, '15 to November, '14."

Sherman will, if he follows his own desire, attack the tariff law as the cause of diminished revenue and business stagnation; the federal reserve act as "placing the credit of the nation in the hands of one man;" the federal trade commission, the anti-trust act amendment, and the hostility of the administration towards the railroads."

The Illinois senator is expected to take up one by one the arguments and points of President Wilson in his Indiana speech, dissect them and attempt to disprove them. He will outline the achievements of the Republican party, which he believes is the "greatest political party that has ever administered American government."

The writer then explained that for a bachelor to sit opposite a delicious display of hosiery while the wearer also wore a "buy it now" expression was too much.

"I am not willing to pass such a law," said Representative Rule today, but I am willing to put blinders on the bachelors.

"That would be class legislation," said Representative Branaman and the bachelor's organization will get you if you don't obstruct the view of married men."

MOVE SLOWLY IN FUTURE FIGHTS

New Orleans Promoters Remember
What Happened to Sport in California and Will Not Kill Game.

HAS BEEN SOME OPPOSITION

Notre Dame-West Point Game Next
Fall is Only Intersectional Game
of Importance

BY HAL SHERIDAN
(Written for United Press.)

New York, Jan. 28.—Warned by what happened to the game in California fight promoters at New Orleans are reported to be maneuvering cautiously in billing future engagements. Some opposition to the fight game is reported to be in evidence in Louisiana but by disowning "rough stuff" the southern fight managers hope to keep contests going along smoothly without encountering legal obstacles.

Already they are talking about staging a bout for the lightweight championship of the world in the river city. Promoters would like to schedule such a match and also a mill between two bantams, preferably Kid Williams and Frankie Burns, for Mardi Gras week. No one would risk killing the game by bringing in a couple of heavies for a bout.

Notre Dame's game with West Point next fall, apparently will furnish the country with about the best line of dope on the respective power of the eastern and western elevens. Definite word some time ago that Harvard and Michigan would not get together this year made the engagement between the Catholics and West Point one of the leading intersectional battles of the year. The soldier's schedule, just out, calls for Notre Dame's appearance on Nov. 6.

England will bid activity for just one athletic title this year, according to best word relayed here from London. Participation in practically all sport branches is knocked out by the war but Harry Vardon will try to grab the national open golf championship and only Francis Ouimet and Chick Evans are conceded chances of beating the Englishman.

If Vardon carries off honors he will give England a batting average of 1,000 in the international contest series. There will be no international polo and no rowing contests this year and it is not at all certain that tennis enthusiasts will see competition for the Davis cup.

The proposal to set up the three year rule barring freshmen from competition seems to have taken its usual course in the east. There was considerable talk of banning the

yearlings but the executive and advisory committees of the intercollegiate association of Amateur Athletics of America at its recent meeting here did not even give the subject consideration.

When the association meets March 6, it is not likely that it will have the freshmen rule to discuss. While it is possible that some of the larger universities, notably Yale, may renew its request for action, it is considered certain that smaller eastern schools at which freshmen are allowed to compete on athletic teams, will exert enough influence to prevent the adoption of such a rule. Several important changes in the method of running off the field events at the annual games probably will be adopted at the March meeting.

Col. Jacob Rupert, who makes well everybody promised not to mention the brew—is considerable of an amateur at the magnate game and willing to admit it. To a crowd of reporters who gathered in his office. After the New York Yankees had been formally transferred, the new owner addressed a request that no mention of his brewing business be allowed to creep into the sport columns.

"I'll handle the advertising for my business in the usual way," was the way the colonel put it.

Mentioning no names, several other leading gents of the baseball world haven't O. Ked the Rupert doctrine.

From Columbia comes the howl that there is a great dearth of candidates for crew work. Indoor practice has been begun on the rowing machines but only a handful of candidates showed up. Coach Rice asked for enough varsity candidates to file eight boats but got no less than half that number.

Revival services closed at the Wesleyan church Tuesday night.

Mrs. Willie Swain was taken suddenly ill with congestion of the liver while alone, Monday, but was able to get to the phone and tell someone so they could get the doctor for her.

Mr. and Mrs. Charles Carmony,

who have been visiting at Indianapolis returned to Marshall Wilkes,

Sunday afternoon and are now at

their home in Shelby county.

A letter was received from Mrs.

Laura Folger, of Central, S. C. and

she is in better health now than last

summer. They are having fine

weather, have just had one slight

snow and but very few cloudy days.

Joseph Barnard is very much im-

proved. He is so he can be up all

the time now.

New Salem

days with Mr. and Mrs. Eli Hard-

wick.

Irl R. Hicks 1915 Almanac

The Rev. Irl R. Hicks Almanac, now ready grows more popular and useful with each passing year. It is a fixed necessity in homes, shops and commercial establishments all over this continent. This famous and valuable year book on astronomy, weather and earthquakes should be in every home and office. Professor Hicks completes this best issue of his great Almanac at the close of his seventieth year. The Almanac will be mailed for 35 cents. The Rev. Irl R. Hicks fine Magazine, Word and Works, is sent one year with a copy of his almanac for only one dollar. Send for them to Word and Works Publishing Company, 3401 Franklin Ave., St. Louis, Mo. You will never regret your investment. Try it for 1915.

The "red light" injunction and abatement bill was reported favorably today. It would give citizens right to apply for injunctions against houses of ill fame.

You can pay more for sausage not so good, but you can't get better sausage than Thomas Bros. at any price.

County News

Plum Creek

The ladies aid society of the Plum Creek church will meet at the home of Mrs. Orval Biggs on Thursday afternoon for the purpose of quilting and knotting comforts.

Mrs. Ben Ertle and Mrs. Iva Smalley attended the institute at Bentonville Tuesday.

Mr. and Mrs. Roy Smelser of Gings are spending a few days with the latter's parents.

Frank Nipp is the guest of his parents, Mr. and Mrs. John Nipp, Sr.

Mrs. William Knecht and daughter, Miss Evelyn are about the same.

The Hays brothers shipped their hogs Tuesday from Gings.

The C. W. B. M. society met Wednesday afternoon at the home of Mrs. Tom Ertle. A very interesting meeting was held with Mrs. Will Whittom as leader. The attendance was slightly cut down on account of the weather.

Miss Myla Gordon underwent an operation this week at the Sexton Sanitorium for appendicitis.

Sumner

It has been so cold and snowy that almost every one has stayed by their own fireside, this week.

Mr. and Mrs. E. E. Barnard went to Indianapolis one day last week.

Some attended the Farmers' Institute at Morristown last Wednesday.

Mr. and Mrs. O. C. Macy went to see Mrs. John VanCleave, at Arlington, Monday afternoon and found her improving.

Mrs. Jennie Hester and son, Everett, were guests of Lee H. Macy and family, Sunday after church.

Revival services closed at the Wesleyan church Tuesday night.

Mrs. Willie Swain was taken suddenly ill with congestion of the liver while alone, Monday, but was able to get to the phone and tell someone so they could get the doctor for her.

Mr. and Mrs. Charles Carmony, who have been visiting at Indianapolis returned to Marshall Wilkes, Sunday afternoon and are now at their home in Shelby county.

A letter was received from Mrs. Laura Folger, of Central, S. C. and she is in better health now than last summer. They are having fine weather, have just had one slight snow and but very few cloudy days.

Said sale will take place at the office of Kiplinger & Smith on the southwest corner of Third and Main streets in the city of Rushville, Indiana on

MONDAY, the 15th DAY of FEBRUARY, 1915.

If said property is not sold on such date, the same will be offered from day to day thereafter at said office until the same is sold.

TERMS OF SALE—One-third cash at the time of sale, one-third in six months and one-third in twelve months with the privilege of the purchaser paying all cash: deferred payments, if any, to be evidenced by the purchaser's note or notes secured by first mortgage on the real estate sold.

This is a fine residence property, well located and is worth looking after.

BE PRETTY! TURN GRAY HAIR DARK

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

Public Sale Dates

Combination Sale—Sat. Jan. 30. Jacob Schantz—Tuesday, Feb. 2. W. W. Dearing Estate—Feb. 3. Earl Winship—Saturday, Feb. 6. Wm. Stuttle Estate—Tues., Feb. 9. Charles Long—Thursday, Feb. 11. Paul Harris—Monday, February 15. Morgan & Weaver—Tues., Feb. 16. John D. Whitton—Wed., Feb. 17. Ray M. McKee—Thursday, Feb. 18. Harrison Nelson Estate—Feb. 20. Orville Biggs—Tuesday, Feb. 23. Wm. Morgan—Wednesday, Feb. 24. Vansoyoc & Schull—Thurs., Feb. 25. Jehu Craig—Friday, February 26. John Unger—Saturday, Feb. 27. Knecht & Gartin—Thursday, Mar. 4. Combination Sale—Mar. 18 and 19.

Administrator's Sale of Real Estate

Notice is hereby given that the undersigned, as administratrix of the estate of William L. Price, deceased, will as such administratrix, by order of the Rush Circuit Court entered at the November Term, 1914, of said Court in cause No. 352, wherein Louisa G. Price as administratrix of the estate of William L. Price deceased, is plaintiff, and Louisa G. Price, Orlie Price, Bernie Price, Erba Price, Lola Havens, Ethel Harrell and Jasper D. Case are defendants, offer for sale, at private sale, to the highest and best bidder the following described real estate in Rush County, in the State of Indiana, to wit:

Lot No. 2 in Benj. L. McFarlan's subdivision of part of lots 1 and 3 in Pugh, Laughlin and Cross as guardians addition to Rushville, Indiana, and located in the northwest quarter of section six (6) township thirteen (13) north and range ten (10) east.

Said sale will take place at the office of Kiplinger & Smith on the southwest corner of Third and Main streets in the city of Rushville, Indiana on

MONDAY, the 15th DAY of FEBRUARY, 1915.

If said property is not sold on such date, the same will be offered from day to day thereafter at said office until the same is sold.

TERMS OF SALE—One-third cash at the time of sale, one-third in six months and one-third in twelve months with the privilege of the purchaser paying all cash: deferred payments, if any, to be evidenced by the purchaser's note or notes secured by first mortgage on the real estate sold.

This is a fine residence property, well located and is worth looking after.

LOUISA G. PRICE,
Administratrix of the Estate of
William L. Price, Deceased.

FEELING GOOD?</b

Great Kidney Remedy Saves Two Children in One Family

About one year ago two of my children suffered badly from weak kidneys. They would have severe spells of dizziness and were run down in health. I was just about discouraged. I tried several remedies and finally a doctor, but they did not seem to improve. I knew of a friend who was taking Swamp-Root for kidney trouble with good results and I decided to get some for the children. I had noticed that there was some improvement after they had taken two large bottles and continued to give it to them until they had taken one-half dozen bottles and were well on the road to recovery. I think Dr. Kilmer's Swamp-Root has done more for my children than any other medicine I have tried and recommend it to anyone having children that suffer as mine did.

Very truly yours,

R. W. LISENBY,
Dothan, Ala.

Personally appeared before me, this 2d day of July, 1909, R. W. Lisenby, who subscribed to the above statement and made oath that the same is true in substance and fact.

A. W. LISENBY, Notary Public.

Letter to
**Dr. Kilmer & Co.,
Binghamton, N. Y.**

Prove what Swamp-Root Will do for You
Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Rushville Daily Republican. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

CHARGES LOBBY HAS BEEN BUSY

H. W. Bullock, Chairman of Commission on Workman Compensation, Creates Sensation.

MAKING HIS REPORT TODAY

Declares Insurance Company Offered Him Position to Recommend Certain Kind of Bill.

(By United Press.)

Indianapolis, Jan. 28.—Sensational charges were contained in the report filed with Governor Ralston and with the two houses of the legislature today by Henry W. Bullock, chairman of the legislative commission. Bullock charged that a representative of a leading eastern insurance company offered him a position as a lecturer on "Safety" if he could advocate the Michigan and New Jersey plans of workman compensation.

"The insurance lobby has been especially active in Indiana," said Bullock. "Its methods have often been questionable and have sometimes been unquestionably pernicious."

Bullock gave names and copies of letters and telegrams addressed him substantiating his charges. He said that in November, 1913, following his appointment on the commission which was to frame a workman compensation bill for the Indiana legislature, the representative of the insurance company came to see him. He was a former labor leader. The man said he was working in the "safety department" of his company. The following January he suggested, according to Bullock, that leading labor men were on his staff and that he desired to engage Bullock in that work.

Bullock said he never gave this man an answer. The report said:

"This man said that if I could advocate the Michigan and New Jersey plans, my expenses would be paid whatever else I desired. He saw me on the 6th of March and after reading extracts from my addresses and after sufficient time to receive advices from his home office telegraphed me as follows: 'Head officials desire interview at home office with you at early date and suggest I accompany you. Your expenses will be paid.'—I wired him that I could not accept his proposition but that I would be in the east about twenty days and would be grateful for any information which his people might offer."

Bullock declared that later he got a letter from the vice president of the company in which the official said:

"As for our suggestion that you make this visit at our expense it was dictated by the fact that the appointment of the commission for which you were named chairman invalid and that presumably therefore, your commission was not in possession of such ample funds as might be desirable for the purpose of pursuing the investigations you have in mind, referring to the matter of our suggestion that you might see your way clear to aid us in our safety work in Indiana, we cannot see in this any basis for fair criticism."

This report of Bullock's was an individual one, and not the one in which Secretary Wm. Green joined him in recommending a bill.

SALE WILL BE HELD

The combination sale will be held Saturday at the Davis sale pavilion. Because a section of the roof over the part occupied by the bus barn collapsed under the weight of snow a rumor was current that the sale had been postponed, but this is not the case. The snow has been cleared from the roof and there is absolutely no danger. The promoters expect this to be one of the best sales ever held as there is an unusually large amount of stock entered.

SCARLET FEVER IS FATAL

Causes Death of Clyde Kennedy's Daughter at Berkley Cal.

Mr. and Mrs. Robert Kennedy received word this morning from their son, Clyde Kennedy in Berkley, Cal., that his daughter Frances, seven years old, had died from scarlet fever. The little girl died yesterday morning at ten o'clock. Mr. and Mrs. Kennedy formerly lived here and they have two other children. The little girl contracted the disease from her brother, who is still in a serious condition. The funeral was conducted today.

CASADY'S STORE TO BE REMODELED

New Elevated Office, Oak-Finish Shelving and Cash-Carriers Will be Installed.

WORK TO START ABOUT FEB. 15

The E. R. Casady dry goods store will be extensively remodeled, the work to start about the fifteenth of February. It is hoped to have it completed by the tenth of March. The owner of the store looked about for a room to remove a part of the stock while the remodeling was being done, but this was found to be next to impossible, so it was decided to hold a remodeling sale.

The remodeling plans call for a new roomy, elevated office which will be located just back of the stairway on the north side of the first floor. New cash carriers will be installed and a balcony will be built in the rear on the first floor for dressmakers and the alteration department. With this department moved from the second floor, more room will be provided for the carpets and rugs.

In that department new shelves and racks will be installed. In fact, the shelving throughout the store will be new and will be refinished in oak. A new stock room will be built at the rear of the second floor.

JESSIE COPE FACES BRIBERY CHARGE

Expected to go on Trial for Attempting to Gain Aid of Federal Officials in Chicago.

COL. ALEXANDER INVOLVED

(By United Press.) Chicago, Jan. 28.—Miss Jessie Cope, charged with attempting to bribe federal officials to gain their aid in her breach of promise suit against Col. Alexander, Providence, R. I. millionaire, today was to go to trial before Federal Judge Carpenter. Previous to the bribery indictment against Miss Cope, who is a California girl, Col. Alexander was indicted on a charge of violating the Mann White Slave Act. Miss Cope declared she paid her transportation from a California city to the East. She said he promised to marry her and then scorned her.

The sensation following Col. Alexander's indictment was shortly followed itself by Miss Cope's arrest. Federal white slave investigators and members of the district attorney's staff said she had offered to give them one half of the \$50,000 she expected to get from Col. Alexander either through court action or settlement out of court. The woman is 34, Col. Alexander is some fifteen years or more her senior.

VETOES THE BILL.

(By United Press.) Washington, Jan. 28.—President Wilson vetoed the immigration bill today and sent to the house with the veto a message explaining his reason therefor. Closure of "the open door" and the use of illiteracy tests and other restrictions were given as causes for his action.

REFUGEES HAVE 6 NEWSPAPERS

Mexicans in San Antonio Are Well Supplied With Spanish Dailies. They Take Sides

THREE ARE FOR CARRANZA

Intervention of This Country is Seriously Hated, They Saying Great War Would Result.

(By United Press.)

San Antonio, Texas, Jan. 28.—Six daily newspapers printed here in Spanish are eagerly read for news from Mexico by the big Mexican population of San Antonio and vicinity. Five thousand or more refugees are making their home here pending final settlement of the revolutions and counter revolutions in the republic south of Rio Grande. Of the six dailies, three espouse the cause of Carranza, two champion Villa and one favors Felix Diaz.

The Carranza consulate here announced it paid out in telegraph tolls about \$1000 monthly for telegraphic advice from various Mexican points and exchanges with Washington. These despatches appear in the local Carranzista papers and are copied by the opposition which interferes them in footnotes according to the Villists or Disizists standpoint. The newspapers bristle with news and comment on the Mexican situation, often going far afield for material.

La Prensa, a Villista organ, published a cablegram from Madrid reporting that a paper there through the United States government ought to intervene in Mexico in the name of the Monroe Doctrine and humanity.

Intervention is deeply and sincerely hated by the Mexican refugees. They want none of it and declare that if the United States intervenes it will involve the Washington government in a great war which will eventually drag in Europe and Asia. These refugees maintain that Mexico will work out its own salvation and they prefer this method, even at the cost of many lives.

WILL CIRCULATE LARGE PETITIONS

President of Indiana W. C. T. U. Announces Plan to Co-Operate With Anti-Saloon League.

PROHIBITION BILL DIFFERS

(By United Press.) Indianapolis, Jan. 28.—Mrs. Calla Vayhinger, president of the Indiana W. C. T. U. announced today that the Union would co-operate with Anti-Saloon League of Indiana to circulate monster petitions, which she said would be the biggest petition campaign ever put on in the state. She said fifty thousand women of the Union would aid; that men would sign one petition and women another and that only persons over twenty-one would be allowed to sign.

The bill of the Anti-Saloon league, which will provide for statewide prohibition, will differ in one particular from any other ever before the state. It will have a clause allowing injunctions against "blind tigers." It is similar to the abatement bill against houses of ill fame.

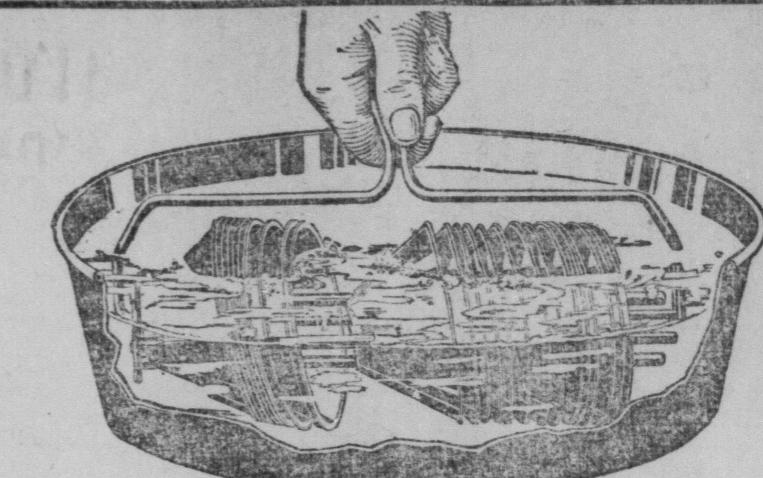

Mrs. Vayhinger said the W. C. T. U. was preparing to promote an anti-cigarette bill to forbid the sale of cigarettes.

Notice of Final Settlement of Estate.

Notice is hereby given to the creditors, heirs and legatees of Clinton Gwinup deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 6th day of February, 1915, and show cause, if any, why FINAL SETTLEMENT ACCOUNTS with the estate of said decedent should not be approved; and said heirs are notified to them and there make proof of heirship, and receive their distributive shares. Witness, the Clerk of said Court, this 14th day of January, 1915.

ARIE M. TAYLOR,
Clerk Rush Circuit Court.

A. J. Ross, Attorney.

You can't make good cream with a dirty cream separator

CREAMERYMEN AND BUYERS all over the country are demanding better cream, and if you sell cream it is to your advantage to deliver the best possible cream.

IF YOU MAKE BUTTER IT is equally important that your cream be first-class. Good butter can't be made from poor cream.

THE ONE FACTOR THAT most largely determines the quality of cream is the sani-tariness of the cream separator bowl in which it is separated.

THE EASE WITH WHICH the De Laval can be thoroughly washed and kept in a

A. GUNN HAYDON
RUSHVILLE

sanitary condition is one reason why creamerymen prefer cream separated by the De Laval and it is likewise one of the reasons why butter made from De Laval cream has scored highest at the National Dairy Show for over twenty years.

THE CONSTRUCTION OF the De Laval is such that it can be completely taken apart for washing. There are no tubes, crevices, holes or corrugated surfaces such as are found in other machines, and which are very hard to clean.

THE DISCS ARE WASHED AS a single piece, and the whole machine can be thoroughly cleaned in five minutes.</

BELGIUM MAY BE BIG SIDE ISSUE

George B. Shaw's Contention England France Are Not Doing Enough For Her Gets Support.

SOCIALIST PARTY TO FRONT

Without Casting Reflection of American Efforts, Statement Says Something Must be Done.

BY ED. L. KEEN.
(U. P. Staff Correspondent.)

London, Jan. 3 (By Mail to New York)—George Bernard Shaw's contention that England and France have not done as much as they might for Belgium has received endorsement from an unexpected quarter. The British Socialist party has just directed a sharp letter to Premier Asquith in which they make the same charge. It is understood that similar action is to be taken by the French Socialists and there is a possibility that the question of Belgium will soon again be one of the supreme side issues of the war. In the letter, which was drafted by the Executive Committee of the British Socialist party following declarations are made:

"Over six millions of people in Belgium are on the verge of starvation, and the outlook for the civil population—is terrible indeed. The measures taken for their relief rest upon the slenderest foundation. In saying this we do not cast the slightest reflection upon the Americans who are working so strenuously to ameliorate the horrors of the situation.

"Monsieur Emile Royer deputy for Teynai, says in the 'Independence Belge' of the 22nd of this month: 'A friend writes to me from Belgium that, in spite of all the devotion in the work of organizing relief, beggars increase in numbers every day. There are districts where nine-tenths are wholly dependent upon public charity, and the officials there see clearly that they will soon be without resources, and unable to feed anyone. The civil population of Belgium send us messages warning us of their distressed condition and imploring aid.'

"Truly, as M. Royer says: 'A whole Nation is Dying!'

"In these circumstances, Sir, we feel it to be our duty to ask what steps are being taken to mitigate this stupendous disaster. We submit most strongly that the people of Great Britain should know that their government is using every possible means of preventing the wholesale sacrifice of non-combatants and women and children on the altar of military necessity.

"It should be possible for the German Administration in Belgium to give facilities for the free distribution of food under neutral auspices, no matter from what sources those supplies are obtained, and to guarantee that such a distribution shall be made to and enjoyed by the Belgian civil population. We urge, therefore, most strongly that the Allies approach the German government without delay in order to secure such distribution of food to the Belgian people.

"An attempt in this direction should be made at once, and should include a request for a guarantee that all hindrances to industrial activity in Belgium, in the way of fines and impositions should be immediately removed.

"That there are difficulties in the way we readily admit. But they are not insuperable. If the German Administration in Belgium refuses these requests then the Allies would be justified in making an immediate appeal to all the neutral nations.

"The mute anguish of a nation of whose independence and neutrality this country has constituted itself the guardian, appeals to us with piteous helplessness, and we are convinced that the whole civilized world will approve and applaud whatever steps are taken to give effect to the suggestion outlined above.

Here is a translation of a letter received by the editor of the Indianan from an Indian officer at the front in acknowledgement of pre-

sents made to his troops by the brigadier-general's wife:

"Salutation!

"I write the following lines to thank Mrs. Cockson, Sahiba Brigadier General hoping that you will make me grateful by publishing this in your newspaper, which is full of pearls.

"We, the faithful and devoted officers of the 36th Rissallah Jacob's Horse, heartily thank the said lady for the gifts presented to us on the battlefield.

"At same time we pray that Almighty God may keep us firm in our service and devotion to our superior officers and the Government whose salt we eat.

"Also we desire by all means to the last breath to seek honor in arms by fighting and vanquishing the enemies of the Empire with our relentless swords.

"Being on field service and having little time, I end my letter on these words; the presents give a living proof of the genuine sympathy the said lady cherishes for us the people of India.

"A thousand thanks to her and prayers for success and victory.

"Your well-wisher,

"Malik Khan Muhammad Khan,
Woordie Major, 36th Jacob's Horse."

REVENUE MUST BE INCREASED—SMITH

Co-Receiver of C. H. & D. Declares Road Will be Abandoned Unless Business Gets Better.

STATEMENT AT CONNERSVILLE

"C. I. & W. must increase its revenue or be abandoned, says Judge Rufus B. Smith," according to the College Corner News. "This was the startling statement made at a public reception at the Connerville depot Friday. There has been a deficit since 1905 and operating expenses have increased 44 per cent. Unless receipts of the C. H. & D. road from Springfield, Ill., to Hamilton, Ohio, increase, the line must go out of operation and cease to exist. The operating expenses have increased the past ten years but the revenue has remained stationary. Four general causes it was explained have contributed to this: The business of the territory through which the road runs has increased but little; parallel and roads crossing have taken some of its traffic; electric and interurban roads have diminished passenger and freight business; and some legislation has been adverse.

"From that time up until the assassination of the Arch-Duke of Austria and his wife a Serajava, Bosnia, the exporters and importers of those two countries were fighting over the shipments of pigs. Servia never 'got over' the attitude of Austria.

"So pig it was, that started this war.

Although the woman suffrage amendment has been defeated in the House there is still considerable discussion here at the ingenious ways the women have of getting action. Although their objects are often defeated their zeal always wins.

The newest proposition has just been submitted by Mrs. Clara Bewick Colby. She says the women still have another chance and that is this: Get some women to go to the

JOHN L. RUPE DIDN'T SUPPOSE HE DARED TO

(By United Press.)

Indianapolis, Jan. 28.—A friend stopped John L. Rupe, Richmond attorney, on the street yesterday and asked whether he would take in the legislature during his visit here.

"I don't suppose I'd dare to, would I?" It was a scant hour before the drastic anti-lobby bill passed the house.

Rupe was never known as a lobbyist but he said he was interested in the passage of the tax amendment in the Stotsenberg list. "We are driving Indiana money out of the state by the present methods and are inviting foreign capital that escapes taxation," he said.

Rupe is a member of the committee of forty representative men appointed by the State Tax Association. He is attorney for the Pennsylvania Railroad.

At Last Pigs Are Brought Forth As Cause Of Great European War

BY BURTON K. STANDISH.
(Written for United Press.)

Washington, Jan. 28.—That "Pigs is Pigs," is an old aphorism but that "Pigs is War," is something new.

This gigantic European war, according to the different parties to it, was caused by several hundred different events. Some people say it was started when Sir Edward Goettchen, British Ambassador at Berlin discharged his German cook; others say it was German militarism and many believe Russia started the conflict by mobilizing against Austria. And, by this time, most everyone has forgotten that the war really began when Austria refused the acknowledgement of Servia to her ultimatum.

Well, this story of "Pigs is War," goes back to the time when Servia and Austria were finding it difficult to keep their inhabitants along their mutual border from throwing stones at each other.

Some three years ago, according to officials of the Austria-Hungarian embassy, the armies of Austria and Servia almost came to blows over the shipment of pigs from Belgrade and other Servian cities into Bosnia.

Servia insisted that all pigs, sick pigs and well ones, should be permitted to cross the border and be sold in Bosnia. Austria said pigs having cholera must not be admitted to Austrian slaughter houses. Because of the prevalence of cholera in Servia this Austrian order interfered with Servia's exports of hogs.

Numerous skirmishes along the border between hog shippers, hog buyers and hog raisers, became so acute that the foreign offices of the two governments had to take the matter up. After some exchanges of diplomatic notes the matter was adjusted.

From that time up until the assassination of the Arch-Duke of Austria and his wife a Serajava, Bosnia, the exporters and importers of those two countries were fighting over the shipments of pigs. Servia never "got over" the attitude of Austria.

So pig it was, that started this war.

Although the woman suffrage amendment has been defeated in the House there is still considerable discussion here at the ingenious ways the women have of getting action.

Although their objects are often defeated their zeal always wins.

The newest proposition has just been submitted by Mrs. Clara Bewick Colby. She says the women still have another chance and that is this: Get some women to go to the

legislature during his visit here.

Step lively if You Want to be Seen

polls and try to vote. If the officials refused she would sue and bring a test case before the Supreme Court.

Then the highest court would have to decide whether a woman is a citizen. If the decision was favorable, the suffragists declare, they would have a right to vote.

Friends of Secretary of the Navy Daniels are breathing somewhat easier as a result of Secretary's Bryan's announcement that his securing of a home at Asheville did not mean that he intended running for the United States Senate from North Carolina.

political gossip among friends of the Secretary of the Navy declares Mr. Daniels has an eye on a seat on the Senate after the close of the present administration. Mr. Daniels has long been an ardent admirer and follower of the Commerer. For Bryan to be a candidate would, to say the least, be embarrassing for the Secretary of the Navy.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

We don't tell you how cheap we'll sell some things and make up on others. Get our prices before you buy and be convinced that we have both the PRICE and QUALITY.

E.R.Casady
RUSHVILLE INDIANA

Saturday, January 30

We Will Start Our

Great REMODELING Sale

You, our customers are to be held responsible for the conditions which make this sale absolutely necessary. By your increased patronage during the past year, and the unprecedented demands you've made, we must remodel our store; give more selling space to certain lines and utilize every inch of available space. Plans have been drawn and contract let for the improvements. In a short time the carpenters will be at work. We had planned to move half of our stock into another room during the time required to make the improvements, but we find it impossible to secure a suitable room for a temporary Dry Goods Store, therefore, we have decided to move half of our stock into the homes of Rushville and Rush County to the tune of fifty to seventy-five cents on the dollar. In some departments a lot of spring goods have been received, while in other sections delayed winter shipments will be on sale at fifty cents on the dollar and less. You will find bargain counter after bargain counter piled high with the greatest bargains ever offered by this or any other mercantile institution on the face of the earth.

Remodeling Sale Women's Up To Date Cloaks

Just 100 splendid Coats left to select from. In speaking of the number of garments you have to choose from, ask yourself this question, Would you like to select your new coat from a stock of three or four hundred old garments at slightly reduced prices, or would you prefer selecting it from 100 new coats (two to four months out of the factory) at HALF PRICE and less. One year ago today we could not sell you a Coat (out of stock) at any price. We were entirely out, everyone sold during the Kennedy & Casady Dissolution Sale. We started the Fall and Winter season 1914-15 with every garment strictly new. The sale of every garment was guaranteed by the manufacturer. It is now their loss not ours. They have instructed us to sell them at any price. You will find these garments divided into three lots.

COUNTY LOSES ON PRESENT LAW

In Year and One-Half of \$7,069.97
in Auto License Fees Paid in
\$5,449 is Returned.

LOSS OF \$1,620.75 IS SHOWN

Report of Third Settlement, Last
One in 1914, is Just Received
by County Treasurer.

In the year and one-half that the present automobile registration law has been in effect Rush county has lost \$1,620.75 of the amount paid by the owners of the machines to the state. The third settlement since the law went into effect and the second for the year 1914 has just been received by County Treasurer Williams. In the three settlements Rush county has paid a total of \$7,069.97 to the state and received back \$5,449.22.

The settlement just made is for only \$379.44 and is known as the January settlement. The largest part of the automobile license fund comes at the July settlement as the machines are registered for the entire year from January 1, and the amount just received by the county treasurer represents new machines that have been purchased since last July and which were registered in the middle of the year.

There has been considerable agitation for a change in the present law in order that the counties might get back a large percentage of the money that is paid in. Rush county is not nearly as bad off as some other counties, but farmers and taxpayers here are almost unanimous in declaring that all the money collected for automobile licenses in Rush county should be kept in Rush county and spent on Rush county roads. At present there are several bills pending before the legislature along this same line.

The bills now before the legislature seek to let the counties take care of the money without going through the hand of the state and thus prevent a loss from the original amount paid. As a result of these losses to the county, officials here are in favor of a bill to turn over all of the auto tax money directly to the county. The two bills now before the legislature are considered unsatisfactory, as one places the automobile licenses in the hands of the county treasurer and the other with the auditor.

More radical men have been found here who even go so far as to favor keeping of the money in the various townships from which the automobiles are registered.

Under the present law the amount turned back to the county is divided three ways. One-third of the sum is given according to the number of miles of improved roads, one-third for the net registration and one-third equally distributed according to net receipts. Under the report Rush county had 258 miles of improved roads. In the first two reports the number was placed at 255 and this was corrected in this report and \$4.96 sent to correct the error.

The present law, it will be remembered, went into effect in July, 1914, so that the first time the amounts received were for only half the year. The following shows the losses here since the law went into effect:

Paid	Received
Total 1913	\$1,979.83
First 1914	4,647.14
Last 1914	443.00
Total	\$7,069.97
	\$5,449.22

Mrs. Walter Richey of Milroy underwent an operation this morning at the Sexton Sanatorium.

ANARCHY GRIPS CAPITAL

Mexico City Has Reign of Terror
Following Departure of Garza.

(By United Press.) Washington, Jan. 28.—Anarchy according to reports today. The dead and terror gripped Mexico City, a part of Provisional President Garza, while expected, plunged the city again into a state of desperation. Inhabitants are leaving the city. Robberies are frequent. Looming above is the danger of food famine. Food prices are abnormal. The needy are suffering and threaten rebellion. Garza will probably in a few days be succeeded by General Angeles.

OVER 300 ATTEND POSEY INSTITUTE

Farmers Meeting at Arlington Wednesday Holds Considerable Interest—Prizes Awarded.

NEW OFFICERS ARE ELECTED

A crowd of over three hundred attended the Posey township farmers' institute at Arlington yesterday. The speakers were Mrs. R. A. Ogg and Lewis Taylor and the institute was held under the auspices of the extension department of Purdue university. The officers for next year are A. W. Biggs, president; John Hufford, vice-president; Clark Gault, secretary and treasurer.

As usual the corn show and domestic science exhibits were one of the features. The corn show awards were as follows: ten ears of yellow corn—O. J. Miller, first; Henry Jessop, second; Frank Earnest, third and John Hufford, fourth. Ten ears of white corn—Cary Thures, first; W. H. Pitts, second. Best single ear—John Hufford first and W. H. Pitts, second.

The domestic science awards were as follows: yeast bread, Mrs. Alice Swain, first; Mrs. Hyatt, second; soft rising bread, Mrs. Hyatt, first; Mrs. Clara Biggs, second; cornpone, Mrs. Clara Biggs, first; Mrs. Lottie Sparks, second; butter, Mrs. R. J. Phares, first; Mrs. Mary Swain, second; dark cake, Mrs. James Alsmann, first; Mrs. Nettie Ward, second; white cake, Mrs. Nettie Ward, first; angel food cake, Mrs. Mary Swain, first; pickles, Mrs. Hannah Havens, first.

PERFORMS A FEAT WITH BROKEN BONE

William Cook Puts Pet Cat's Leg in Splints and Makes it as Straight as Ever.

THE BONE KNITS PERFECTLY

William Cook, 1004 North Main street, some weeks ago found his pet cat caught in a steel trap that had been set for rats. The bone in the cat's foreleg was broken and when found was trying to chew off the foot in order to free itself. Instead of killing the cat Mr. Cook decided to practice a little surgery on his own and set the broken bone in splints. It was an experiment with Mr. Cook but was successful.

Yesterday he removed the splint from the broken leg and found that the bone had knitted together perfectly and was straight. Mr. Cook was greatly pleased with his work, which is a little out of the ordinary. He left the splint on the broken leg for about six weeks.

OFFERS CHANCE TO INCREASE PAY

If Bill Introduced Yesterday Becomes Law, Councilmen Here May Raise Their Salaries.

TO AS HIGH AS \$180 A YEAR

W. R. Jinnett's Bill Furnishing Method to Give Outlet to Isolated Land is Introduced.

If the bill introduced in the senate yesterday by Senator E. A. Norman of Hope, representing Bartholomew and Decatur counties, the salaries of the councilmen in cities like Rushville may be increased from one hundred dollars a year to any sum up to one hundred and eighty dollars a year.

The salary of the present councilmen in Rushville and other cities of the fifth class is restricted to one hundred dollars a year. Many persons have felt that sum is not near enough for councilmen who expend so much of their time in looking after the city's interests.

Representative W. R. Jinnett of this city late yesterday introduced his bill to make possible the opening of roadways to sequestered land. The measure, if it becomes a law, would allow a petition to force a roadway through land adjoining a roadway to isolated land, thus allowing the land in the interior an outlet.

Edward C. Eikman, of New Palestine, senator from Rush, Hancock and Fayette counties, late yesterday introduced in the senate a very unusual bill providing a method to procure a guardian for a "deadbeat." He proposes the appointment of guardians to receive the salary, pay or estate of a "deadbeat" and to administer his affairs in much the same way as a guardian cares for the affairs of a minor or incompetent.

The proposed bill stipulates that any merchant, or any one else, may apply to the Probate Court for the appointment of a guardian for a habitual "deadbeat." A notice of ten days would be given, if the "deadbeat" did not appear or be represented by an attorney, the prosecutor would act for him. If it were shown that he "willfully refuses or willfully neglects" to pay his just debts the court would have authority to appoint a guardian, who would pay his ward's debts and handle his funds or estate until such time as it could be shown that the debts had been paid. Then the "deadbeat" might apply to the court and be released from guardianship.

"Some with whom I have talked have feared such a law would make much extra work for our courts," said Senator Eikman, "but I do not believe such would be the case. I believe the moral effect of such a law would be such that the 'deadbeats' would not wait to have guardians appointed, but would pay up."

GETS \$6 AND COSTS

Herbert Estelle, of Knightstown, was fined \$5 and costs this morning by Mayor Beabout on the charge of public intoxication. The fine was stayed. It was his second appearance before Mayor Beabout.

TO TAKE WHITESIDES.

Henry W. Whitesides, a well-known resident of this city, who was recently declared insane will be taken to the Madison asylum tomorrow by Sheriff Cavitt. Whitesides has been at the county asylum for some time awaiting the lifting of the smallpox quarantine at the Madison institution.

CROWDS GROW LARGER NIGHTLY

Intense Interest in Lectures Being Given by Dr. Z. T. Sweeney at Christian Church.

STANDARD SET LAST SUNDAY

Sermons Remain on Same Loftiy Platue and Audience Follows Him Most Earnestly.

Dr. Z. T. Sweeney of New York, who is preaching a series of sermons at the Main Street Christian church, will speak tonight at seven-thirty o'clock on the subject, "The Church of God and Who May Belong to It," following in natural sequence the sermon last night on the subject, "The Work and Mission of The Holy Spirit."

The audiences continue to grow and the sermons remain on the same lofty plane. Mr. Sweeney set a high standard in his Sunday sermons and has conformed to that standard most splendidly. Speaking for almost an hour each night he is holding his hearers in rapt attention and they follow him so eagerly that they are sorry when he has finished—sorry yet satisfied for he has been feeding them on substantial food of thought.

His sermon last night was a thoroughly prepared and splendidly delivered discourse. It showed that he has spent much time in the study of this theme, a much neglected topic now-a-days. Around the subject has gathered a vast amount of false teaching. Mr. Sweeney based his remarks on no works of men, but going direct to the Bible, the Christian text book he outlined the mission and work of the spirit.

Contending that the mission of the Spirit is limited to the church he briefly enumerated the works of the Spirit. These include among others the work of convicting the age of sin, righteousness and judgment at His coming; of bearing witness with our spirits that we are sons of God; and of sealing us in our sonship.

A general invitation is extended by the officers of the church to all to enjoy and profit by these lectures.

GERMAN LOSS IN THREE DAYS 20,000

French War Office Asserts Enemy Has Suffered Heavily in Fighting in Flanders.

ENGLISH REPULSE THEM ALSO

(By United Press.)

Paris, Jan. 28.—German losses in the past three days of fighting in France and Flanders total at least 20,000, the French war office asserted today. In three days of fierce battling for the heights near Craonne the Germans have lost between 7,000 and 10,000 men killed and wounded. The French had repelled desperate attacks on their positions in the hills in that region with total of losses of not more than 800, it was stated.

Equally disastrous were the German efforts to seize strong positions held by the English west of LaBasse. Jim Daniels, colored, of this city, won two firsts at the old fiddler's contest in Connersville Monday night. Daniels only played twice and won in both events.

NEWPOINT WOMAN EXPIRES

Dies at Home of Parents, South of City From Tuberculosis.

Mrs. Larinda Wright, 33 years old, wife of Calvin Wright, of New Point, Decatur county, died last evening at five o'clock at the home of her parents, Mr. and Mrs. Anderson Gross, south of the city. Mrs. Wright had been ill for a long time suffering from tuberculosis and had been at the home of her parents for over a month. Besides her husband and parents she is survived by two sons. The remains will be taken to New Point Friday morning where the funeral services will be conducted.

LEGISLATURE IN A PLAYFUL MOOD

Senate Plays With Civil Rights of Married Women and House Romps With Animals.

WOMAN'S BILL IS SHEARED

Republican Floor Leader Introduces Resolution Calling For Regulation of Salaries.

(By United Press.)

Indianapolis, Ind., Jan. 28.—The legislature was in a cheerful mood today. After receiving big measures today, the senate played with the civil rights of married women while the house romped with wild animals.

When Senator Reidelbach's bill to allow married women to make contracts without the consent of their husbands was brought up for passage, the emergency clause was removed. Then the first section was removed. Then the second section was killed. Finally the enacting clause, which was the first and most important thing in the bill, was stricken out.

The house killed the Mathers bill to repeal the law prohibiting the use of ferrets in hunting. The house passed the Enny bill permitting the transportation of wild animals bred in captivity and the Feick bill extending the closed season of squirrels until August 1.

Quick exchanges were occasioned in the senate today when Senator Robinson, Republican floor leader in the senate, introduced a joint resolution calling on the state board of accounts to investigate all salaries paid state, county and township officers and to draft a bill to equalize all salaries on the basis of a duties performed. The bill would make all offices the property of the state, county or township.

Governor Radtke said late this afternoon that he had not yet accepted the resignation of Senator Stephen B. Fleming, millionaire brewer, presented to him yesterday. Fleming was still in the city today. It was reported that a delegation from Fort Wayne was on the way here to urge Fleming to remain in the senate.

Fleming's denial that he resigned because of the anti-lobby bill leaves no actual reason on the surface.

Fleming can not withdraw his resignation now without the consent of the governor to do so.

Bills introduced in the senate were: Eickman, making two degrees of burglary the first entering homes and the second entering business establishments; Elsner, rebuilding worn out roads.

ARE YOUR BOYS WELL DRESSED?

A healthy boy is a constant problem—especially when it comes to the question of clothing.

He can demolish shoes and stockings, tear trousers and work general destruction in ways that are almost incredible.

Every mother who has a boy to keep clothed should be an advertising reader.

She needs every penny's worth of buying knowledge she can get. She wants to know where to get quality and where prices are the lowest.

There is no better guide to the answers to the "Boy problem" than in the advertising columns of The Daily Republican.

\$100,000,000.

The United States internal revenue department receives directly from the brewing industry over one hundred million dollars each year.

This is the tax on beer and brewers alone and does not take into account the tax paid by thousands of retailers who handle the brewery's product.

When the government found its customs receipts cut off by the European war it turned to the brewing industry to make up the deficit and increased the tax on beer from \$1 to \$1.50 per barrel, or 50 per cent.

Beer is not only helping the nation financially, but it is leading the American people to true temperance.

Increased sales of pure wholesome beer mean increased temperance as well as increased revenue to Uncle Sam.

The growing consumption of malt liquors is but the popular verdict that beer is good for mind and body.

\$3000.00 FIRE PREVENTED

Read This Letter:

"Several years ago I called on Lane & Evans to buy a pump and they almost forced me to buy one of your Fig. 28 Red Jacket Double-Acting Force Pumps and fifty feet of hose when I only intended to buy a cheap seltzer pump. Mr. Lane put up such strong argument on 'fire protection' that I followed his advice and bought the Fig. 28, little thinking that it would be of any service to me in that respect. Shortly after the pump was installed, my barn caught fire and had it not been for this pump and the thoughtfulness of Mrs. Barnett, my barn, house and all buildings on the place would have been destroyed."

CLAUDE BARNETT
Milan, Mo.

IT WAS A

RED JACKET "SO-EASY-TO-FIX"

Double-Acting Force Pump. It cost Mr. Barnett a few dollars more but was easily worth it. Have you proper fire protection? If not, we will help you to secure it. Call upon us.

Capp Plumbing & Electrical Company

Thomas Bros.' Delicious Country Sausage

In Thomas' Brothers' Sausage the standard of excellence is always maintained. We go to the utmost expense, and no amount of labor is regarded by us too great to keep this sausage in a class by itself.

CLEANLINESS AND CARE

You are cordially invited to inspect our plant at Delphi, Ind., where you will find there could be nothing lighter, nothing brighter, and nothing whiter than the home of Thomas' Bros. sausage. Just try one pound of Thomas' Bros. sausage and you'll see what has made this sausage so justly famous. You will find it is all you have hoped for—delicious, pure and wholesome.

FIRST EXAM TO BE NEXT WEEK

Teachers Will Have First Opportunity to Write of Vocational Education Questions

MUST PASS THEM BY FALL

After September 1, 1915, all Teachers Must Have Made Passing Grade on Practical Arts

The first opportunity of the teachers of Rush county to take an examination in the practical arts which will be taught throughout the county the next school year will fall on the last Saturday in this month which is day after tomorrow. Examinations will be held the last Saturday in the month thereafter until August and teachers may write at any one of these. After September 1, all teachers in these subjects must have passed an examination prepared by the state board of education.

Following is the letter addressed by Mr. Greathouse to the teachers and to the city and county superintendents of the state:

"Section 5 of the Indiana vocational law provides that elementary agriculture shall be taught in the grades of all town and township schools; elementary industrial work shall be taught in the grades in all city and town schools, and elementary domestic science shall be taught in the grades in all city, town and township schools. The state board of education shall outline a course of study for each of such grades as they may determine, which shall be followed as a minimum requirement, and also outline a course of study in agriculture, domestic science and industrial work, which they may require city town and township schools to offer as regular courses.

"You will recall that the state board of education adopted as a minimum requirement for this work that either agriculture or industrial work for the boys and domestic science for the girls be taught in the seventh and eighth grades in all the schools of the state for at least two periods per week, and that all commissioned and certified high schools in the state be required to offer a full year's work in domestic science for the girls and a year's work in either agriculture or industrial arts for the boys.

"Since all of the schools of the state are being urged by the board to develop this practical arts work as rapidly as possible, a request which is very generally being complied with, these minimum requirements will probably not be changed this year.

"After September 1, 1915, all cities required to teach these practical arts subjects must have passed an examination in these subjects prepared by the state board of education.

"This letter is sent you to give information in regard to the licensing of teachers for this practical arts work."

Following are the rules and regulations for licensing teachers in practical arts subjects:

"After September 1, 1915, all teachers required to teach elementary agriculture, elementary industrial arts or elementary domestic science in the public schools of the state must have passed an examination in these subjects prepared by

the state board of education. (See Section 5, Vocational Education Law.)

During the examination year of 1915 there will be provided examinations in the above named subjects for supervisors and special teachers under the same conditions as heretofore. All supervisors and special teachers of these subjects will be required to hold a supervisors' license in the particular subject or subjects they teach." (See page 34 of special bulletin No. 5, vocational series No. 3, February, 1914.)

All examination papers for special teachers and supervisors of the practical arts and subjects will be graded at the state department as heretofore.

In addition to the questions for special teachers and supervisors there will be questions in the practical arts subjects on the common and high school lists, for regular teachers required to teach one or more of these subjects in connection with their regular school work. All regular high school and grade teachers required to teach one or more of these practical arts subjects, will be required to hold, in addition to their regular license, a special certificate in the practical arts subjects or subjects they are required to teach.

SOARS ABOVE \$1.50 TODAY

Wheat Reaches This Mark Only 4

Times Since Civil War.

(By United Press.)

Chicago, Ill., Jan. 28.—Only four times since the civil war has wheat reached the high point today when May options sold for \$1.57 7/8 per bushel. It is estimated that only fifty million bushels remain to be exported. Forecasts of two dollar wheat before the war ends were frequent today.

May wheat opened today at \$1.50, an increase of one and five-eighths cents. July wheat opened at \$1.35. Immediately after the opening wheat began to range downward.

* * * * *

MISUSE OF GOVERNMENT FIGURES IS ALLEGED.

* * * * *

* * * * *

Washington, Jan. 21.—The attention of the Bureau of Animal Industry of the United States Department of Agriculture has been called to the fact that the makers of a medicine sold as a hog-cholera remedy are misusing Government figures of the results obtained by Federal agents by the use of anti-hog-cholera serum as evidence of the efficacy of their medicine. In several magazines there have appeared reading notices in which there are statements that this medicine has resulted in saving many hogs from hog cholera in Pettis county, Missouri; Montgomery County, Indiana, and Dallas County, Iowa. The figures given to indicate the results are exactly those reported to the Department by its agents as showing the use and effect of antihog-cholera serum in sick herds.

For example, the Government figures on the use of serum, which are misused in this way by the medicine concern, are as follows:

Pettis County, Mo.: Hogs infected, 5,904; hogs lost, 1,038.

Montgomery County, Ind.: Number of sick hogs in infected herds treated, 4,362; hogs lost, 894.

Dallas County, Iowa: Number of sick hogs in infected herds treated, 5,686; hogs lost, 1,998.

It is scarcely possible that any remedy could have been used on identically the same number of hogs and with exactly the same results as the antihog-cholera serum. On this point the inspector in charge in Pettis County, Missouri, states: "As far as we are able to ascertain none of this remedy has been used in Pettis County."

Farmers and others, therefore, are warned not to confuse this "remedy" with the antihog-cholera serum which is the one method of treatment used by the Federal Department of Agriculture.

PRINCESS

Personal Points
C. S. Williams of Tipton was in this city on business today.

A. C. Brown transacted business today in Indianapolis.

Earl Osborne spent the day with friends in Indianapolis.

Miss Elizabeth Cole was a passenger this morning to Milroy.

L. C. Duncan of Sturgis, Mich., was a visitor in this city today.

C. L. Wilson of Wabash spent the day with friends in this city.

E. D. Applegate of Richmond called on friends in this city today.

Mrs. Samuel Gallimore went to Henderson this morning for a visit.

William Bowen left this morning on a business trip to Anderson.

Mrs. E. A. Cressenger went to Indianapolis this morning for a visit.

H. M. Cowing was among the passengers this morning to Indianapolis.

Ed K. Adams of Shelbyville was among the visitors in this city today.

Mrs. Alva Junken of Henderson was a shopper in this city this morning.

Miss Aileen Green and Josephine Junken spent the day in Arlington.

Lewis Taylor of Newburg, Ind., was in this city today calling on friends.

Miss Myrtle Morgan of Corynville is spending the week here as the guest of Mr. and Mrs. Harry Osborne.

Mr. and Mrs. Louis McMichael of Henderson were visitors in this city today.

Mr. and Mrs. Jessie Healey of Carthage were visitors in this city this morning.

George W. Switzer of Indianapolis was among the visitors in this city today.

Mrs. V. M. Reeves left this morning for a visit with relatives in Summitville, Ind.

Mrs. C. B. Britton of Anderson came this morning for a visit with friends in this city.

S. L. Trabue and Bert Trabue were among the Indianapolis passengers this morning.

Mrs. L. C. Mosier left this morning for a visit with relatives in the northern part of the state.

George Foster returned this morning to his home in Knightsbridge, after a visit in this city.

Ed Burton of Arlington was in this city this morning, enroute for a visit with friends in Henderson.

Mrs. Phoebe Wright returned this morning to her home in Summitville, after a visit with Albert Wright and family in this city.

Mrs. John F. Moses and Mrs. Norma Norris went to Middletown, O., this morning, being summoned there on account of the death of William McLean, a brother-in-law of Mrs. Moses and an uncle of Mrs. Mrs. Norris. Mrs. McLean wife of the deceased, was formerly Miss Ray Caldwell of this city.

STENOGRAPHERS AFTER JOB.

Washington, Jan. 26.—Stenographers and typewriters for the government service are being examined throughout the country today. The entrance salary averages \$720 a year. Thousands are being examined.

Amusements

The Princess will show a two reel feature "The Riddle of the Green Umbrella" for the first picture tonight. Alice Joyce is featured and it is a story full of thrills, telling a novel detective story. The other is a drama entitled "The Unknown Country." Edgar Jones and Louise Huff are featured in this one. Tomorrow night the three reel feature "The Painted World" will be shown Anita Stewart, Julia S. Gordon and Harry Northrup are featured.

The Mystic will show the big four reel feature "Tess of the Storm Country" for the program tonight. Miss Mary Pickford is featured and it is said to be a great production taken from the play and novel of the same name. The picture follows the story all the way through and is given in more detail. The first show starts tonight at six-thirty o'clock. Tomorrow night the two reel feature "Hope Foster's Mother."

Tonight, The Gem will show King Baggett in "The Treasure Train" at two part Imp drama. A young train dispatcher is attacked by train robbers, who bind him, and then proceed to change the signals for the treasure train that is due. The dispatcher kicks the key of his instrument, which arouses a pretty girl operator at a nearby station. The girl takes a thrilling hand-car trip to the station, puts the signals back in position, and has the satisfaction of seeing the treasure train shoot safely by, and, later, the robbers apprehended. But big corporations forget, and a year later the girl receives a discharge notice. The train dispatcher, for whom she saved the day, now a high official on the road, goes to the front for her. Then you hear—or see the new official's story of the girls pluck, and learn that it saved her job. By request of hundred of our patrons, we will keep Ogden and Benson, entertainers De Luxe, for the balance of this week. They will have a complete change of songs and music each night.

Local News

There will be a call meeting of Tri Kappa at the home of Miss Mary Amos in North Perkins street Friday afternoon. Every member is urged to attend.

Wat Dye underwent an operation at the Sexton sanitorium at noon today. It was imperative that the operation be performed at once, but it was said this afternoon he was getting along all right.

Dr. and Mrs. C. H. Gilbert entertained the Rev. Z. T. Sweeney, of New York, at dinner today. The Rev. Mr. Sweeney and the late Alfred Gilbert, father of Dr. Gilbert were close friends.

Word was received here today that an 84 pound baby son was born to the wife of Ralph Peterson, in Piqua, O., last Monday. Mrs. Peterson was formerly Miss Harriet Steeh, daughter of city treasurer, J. P. Steeh, of this city.

Newcastle Courier: Sheriff Bouslog Tuesday afternoon brought Charles Brooks from Knightsbridge and placed him in the county jail. Brooks was found guilty in a justice of the peace court of intoxication and was fined \$14. He failed to pay the fine and must stay in jail fourteen days.

Attention was called to the fact today that it was John Wesley Alexander of Gwynneville instead of James M. Alexander who was one of the pupils living out of a class which was organized April 8, 1842 in this county and taught by James Alexander, grandfather of William M. Alexander, Sr., of this city.

HEAVY FRENCH LOSSES CLAIMED

In Three Days Fighting Around Craonne Enemy Suffers Severe Defeats, Germans Assert.

500 FEET OF TRENCHES TAKEN

(By United Press.) Berlin, (By Wireless to London), Jan. 28.—Heavy French losses running to the thousands were claimed by the war office this afternoon to have resulted in three days fighting around Craonne where the Germans captured several strong positions.

"We found 1,500 dead French soldiers in the trenches we occupied," said the official statement. In addition we took 1,100 prisoners. German attacks on the hills held by the French near Craonne have been resumed and the Germans have made further attacks, capturing 500 yards of trenches commanding other strong trench positions. In the Vosges' and Alsace regions French attacks have been repulsed, one officer and fifty prisoners having been taken."

Ora Winkler returned this morning to his home in Windfall, Ind., after being called here on account of the death of Harry Dawson.

Besides the removal of the application of the draft rule to the American association, that organization will be permitted to enter certain major league territory.

TOMORROW "The Painted World"

Aneta Stewart, Julia S. Gordon, Harry Northrup in 3 Act Broadway feature. Georgeous, Grand

PETITION HAS NOT YET BEEN FILED

"Wets" Will Probably Wait Until Last Moment Before Asking For Election.

NO TIME LIMIT SET IN LAW

The petition asking for the calling of a "wet" and "dry" election here had not been filed at a late hour today and it was intimated that it would not be filed this week. It is known that the petition is ready to be filed but the "wets" say there is no need to be in a hurry as the law does not state that the petition must be on file a certain number of days before the commissioners meet. It was rumored that the petition would not be filed until Monday at which time the commissioners hold their first regular meeting.

According to reliable information the petition asking for an election contains a total of 437 names. The required number is 295 as this is twenty per cent of the total vote for mayor at the last city election. It was the original petition of the "wets" to file the petition yesterday but a change in plans was made for some unknown reason.

MOVE SLOWLY IN FUTURE FIGHTS

New Orleans Promoters Remember
What Happened to Sport in California and Will Not Kill Game.

HAS BEEN SOME OPPOSITION

Notre Dame-West Point Game Next

Fall is Only Inter-sectional Game
of Importance

BY HAL SHERIDAN

(Written for United Press.)

New York, Jan. 28.—Warned by what happened to the game in California fight promoters at New Orleans are reported to be maneuvering cautiously in billing future engagements. Some opposition to the fight game is reported to be in evidence in Louisiana but by disowning "rough stuff" the southern fight managers hope to keep contests going along smoothly without encountering legal obstacles.

Already they are talking about staging a bout for the lightweight championship of the world in the river city. Promoters would like to schedule such a match and also a mill between two bantams, preferably Kid Williams and Frankie Burns, for Mardi Gras week. No one would risk killing the game by bringing in a couple of heavies for a bout.

Notre Dame's game with West Point next fall, apparently will furnish the country with about the best line of dope on the respective power of the eastern and western elevens. Definite word some time ago, that Harvard and Michigan would not get together this year made the engagement between the Catholics and West Point one of the leading inter-sectional battles of the year. The soldier's schedule, just out, calls for Notre Dame's appearance on Nov. 6.

England will bid activity for just one athletic title this year, according to best word relayed here from London. Participation in practically all sport branches is knocked out by the war but Harry Vardon will try to grab the national open golf championship and only Francis Ouimet and Chick Evans are conceded chances of beating the Englishman.

If Vardon carries off honors, he will give England a batting average of 1,000 in the international contest series. There will be no international polo and no rowing contests this year and it is not at all certain that tennis enthusiasts will see competition for the Davis cup.

The proposal to set up the three year rule barring freshmen from competition seems to have taken its usual course in the east. There was considerable talk of banning the

yearlings but the executive and advisory committees of the inter-collegiate association of Amateur Athletics of America at its recent meeting here did not even give the subject consideration.

When the association meets March 6, it is not likely that it will have the freshman rule to discuss. While it is possible that some of the larger universities, notably Yale, may renew its request for action, it is considered certain that smaller eastern schools at which freshmen are allowed to compete on athletic teams, will exert enough influence to prevent the adoption of such a rule. Several important changes in the method of running off the field events at the annual games probably will be adopted at the March meeting.

Col. Jacob Ruppert, who makes well everybody promised not to mention the brew—is considerable of an amateur at the magnate game and willing to admit it. To a crowd of reporters who gathered in his office, after the New York Yankees had been formally transferred, the new owner addressed a request that no mention of his brewing business be allowed to creep into the sport columns.

"I'll handle the advertising for my business in the usual way," was the colonel put it.

Mentioning no names, several other leading gents of the baseball world haven't O. Ked the Ruppert doctrine.

From Columbia comes the howl that there is a great dearth of candidates for crew work. Indoor practice has been begun on the rowing machines but only a handful of candidates showed up. Coach Rice asked for enough varsity candidates to file eight boats but got no less than half that number.

LOCAL TEAM HAS HARD GAME FRIDAY

Will Go to Franklin For Return
Contest With This Speedy
Five—Won First Game.

NORTH VERNON HERE FEB. 5

The high school basketball team faces one of the hardest games of the schedule Friday night when the team goes to Franklin. Rushville defeated the Franklin team some weeks ago on the local floor in one of the hardest games ever played here and to win again on the Franklin floor means another game. The team has had practically two weeks rest as it played a practice game last Friday night, instead of meeting Carthage.

The team is in good shape for the Franklin game and quite a number of routers will make the trip. Another victory over Franklin would give the team a good standing in the state as Franklin expects to represent its district at the state tournament. The next home game is one week from Friday with North Vernon as the attraction.

TO DECIDE ON SUFFRAGE BILL

Legislative Council of Indiana Women Meet This Afternoon to Determine Course.

"RED LIGHT" BILL FAVERED

(By United Press.)
Indiana, Ind., Jan. 28.—When the Legislative Council of Indiana Women met this afternoon to consider whether to promote a bill similar to the Illinois law allowing women to vote for all save constitutional offices, it was considered practically certain they would favor the project. If this was done they were prepared to begin an aggressive campaign.

The "red light" injunction and abatement bill was reported favorably today. It would give citizens right to apply for injunctions against houses of ill fame.

County News

Plum Creek

The ladies aid society of the Plum Creek church will meet at the home of Mrs. Orval Biggs on Thursday afternoon for the purpose of quilting and knotting comforts.

Mrs. Ben Ertle and Mrs. Iva Smiley attended the institute at Bentonville Tuesday.

Mr. and Mrs. Roy Smelser of Gings are spending a few days with the latter's parents.

Frank Nipp is the guest of his parents, Mr. and Mrs. John Nipp, Sr.

Mrs. William Knecht and daughter, Miss Evelyn are about the same.

The Hays brothers shipped their hogs Tuesday from Gings.

The C. W. B. M. society met Wednesday afternoon at the home of Mrs. Tom Ertle. A very interesting meeting was held with Mrs. Will Whittom as leader. The attendance was slightly cut down on account of the weather.

Miss Myla Gordon underwent an operation this week at the Sexton Sanitorium for appendicitis.

Summer

It has been so cold and snowy that almost every one has stayed by their own fire-side, this week.

Mr. and Mrs. E. E. Barnard went to Indianapolis one day last week.

Some attended the Farmers' Institute at Morristown last Wednesday.

Mr. and Mrs. O. C. Macy went to see Mrs. John VanCleave at Arlington Monday afternoon and found her improving.

Mrs. Jennie Hester and son, Everett, were guests of Lee H. Macy and family, Sunday after church.

Revival services closed at the Wesleyan church Tuesday night.

Mrs. Willie Swain was taken suddenly ill with congestion of the liver while alone, Monday, but was able to get to the phone and tell someone so they could get the doctor for her.

Mr. and Mrs. Charles Carnouy, who have been visiting at Indianapolis returned to Marshall Wilkes, Sunday afternoon and are now at their home in Shelby county.

A letter was received from Mrs. Laura Folger, of Central, S. C. and she is in better health now than last summer. They are having fine weather, have just had one slight snow and but very few cloudy days.

Joseph Barnard is very much improved. He is so he can be up all the time now.

New Salem

The Rev. Mr. Edwards took dinner with Mr. and Mrs. M. L. Stewart Sunday.

Mr. and Mrs. George Spillman entertained at dinner last Friday the Rev. and Mrs. J. Ray Stanton and Mr. and Mrs. O. A. Poston.

The play entitled "Every Youth" given by the high school at the auditorium Saturday night was well attended.

Mrs. H. P. Metcalf, who has been very ill is somewhat improved.

Mr. and Mrs. J. T. Meir and son, Carlos spent Sunday, the guests of Mr. and Mrs. Will Stevens.

Mr. and Mrs. Bob Crowley and son of Jersey City, are spending a few days with Mr. and Mrs. Eli Hardwick.

Irl R. Hicks 1915 Almanac

The Rev. Irl R. Hicks Almanac, now ready grows more popular and useful with each passing year. It is a fixed necessity in homes, shops and commercial establishments all over this continent. This famous and valuable year book on astronomy, weather and earthquakes should be in every home and office. Professor Hicks completes this best issue of his great Almanac at the close of his seventieth year. The Almanac will be mailed for 35 cents. The Rev. Irl R. Hicks fine Magazine, Word and Works, is sent one year with a copy of his almanac for only one dollar. Send for them to Word and Works Publishing Company, 3401 Franklin Ave., St. Louis, Mo. You will never regret your investment. Try it for 1915.

You can pay more for sausage not so good, but you can't get better sausage than Thomas Bros. at any price.

BE PRETTY! TURN GRAY HAIR DARK

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

Administrator's Sale of Real Estate.

Notice is hereby given that the undersigned, as administratrix of the estate of William L. Price, deceased, will act as such administratrix, by order of the Rush Circuit Court entered at the November Term, 1914, of said Court in cause No. 352, wherein Louise G. Price as administratrix of the estate of William L. Price deceased, as plaintiff, and Louise G. Price, Orrie Price, Bernie Price, Erha Price, Lola Havens, Ethel Harrell and Jasper D. Casco are defendants, offer for sale, at private sale, to the highest and best bidder the following described real estate in Rush County, in the State of Indiana, to-wit:

Lot No. 2 in Block L. McFarlan's sub-division of part of lots 1 and 3 in Pugh, Laughlin and Cross' as guardians addition to Rushville, Indiana, and located in the northwest quarter of section six (6) township thirteen (13) north and range ten (10) east.

Said sale will take place at the office of Kipper & Smith on the southwest corner of Third and Main streets in the city of Rushville, Indiana.

MONDAY, the 15th DAY OF FEBRUARY, 1915.

If said property is not sold on such date, the same will be offered from day to day thereafter at said office until the same is sold.

TERMS OF SALE—One-third cash at the time of sale, one-third in six months and one-third in twelve months with the privilege of the purchaser paying all cash; deferred payments, if any, to be evidenced by the purchaser's note or notes secured by first mortgage on the real estate sold.

This is a fine residence property, well located and is worth looking after.

LOUISA G. PRICE,
Administratrix of the Estate of
William L. Price, Deceased.

Kipper & Smith, Attorneys.

Great Kidney Remedy Saves Two Children in One Family

About one year ago two of my children suffered badly from weak kidneys. They would have severe spells of dizziness and were run down in health. I was just about discouraged. I tried several remedies and finally a doctor, but they did not seem to improve. I knew of a friend who was taking Swamp-Root for kidney trouble with good results and I decided to get some for the children. I had noticed that there was some improvement after they had taken two large bottles and continued to give it to them until they had taken one-half dozen bottles and were well on the road to recovery. I think Dr. Kilmer's Swamp-Root has done more for my children than any other medicine I have tried and recommend it to anyone having children that suffer as mine did.

Very truly yours,

R. W. LISENBY.

Dothan, Ala.
Personally appeared before me, this 2d day of July, 1909, R. W. Lisenby, who subscribed to the above statement and made oath that the same is true in substance and fact.

CHARGES LOBBY HAS BEEN BUSY

H. W. Bullock, Chairman of Commission on Workman Compensation, Creates Sensation.

MAKING HIS REPORT TODAY

Declares Insurance Company Offered Him Position to Recommend Certain Kind of Bill.

(By United Press.)

Indianapolis, Jan. 28.—Sensational charges were contained in the report filed with Governor Ralston and with the two houses of the legislature today by Henry W. Bullock, chairman of the legislative commission. Bullock charged that representative on workman compensation of a leading eastern insurance company offered him a position as a lecturer on "Safety" if he could advocate the Michigan and New Jersey plans of workman compensation.

"The insurance lobby has been especially active in Indiana," said Bullock. "Its methods have often been questionable and have sometimes been unquestionably pernicious."

Bullock gave names and copies of letters and telegrams addressed him substantiating his charges. He said that in November, 1913, following his appointment on the commission which was to frame a workman compensation bill for the Indiana legislature, the representative of the insurance company came to see him. He was a former labor leader. The man said he was working in the "safety department" of his company. The following January he suggested, according to Bullock, that leading labor men were on his staff and that he desired to engage Bullock in that work.

Bullock said he never gave this man an answer. The report said:

"This man said that if I could advocate the Michigan and New Jersey plans, my expenses would be paid whatever else I desired. He saw me on the 6th of March and after reading extracts from my addresses and after sufficient time to receive advices from his home office telegraphed me as follows: 'Head officials desire interview at home office with you at early date and suggest I accompany you. Your expenses will be paid.'—I wired him that I could not accept his proposition but that I would be in the east about twenty days and would be grateful for any information which his people might offer."

Bullock declared that later he got a letter from the vice president of the company in which the official said:

"As for our suggestion that you make this visit at our expense it was dictated by the fact that the appointment of the commission for which you were named chairman invalid and that presumably therefore, your commission was not in possession of such ample funds as might be desirable for the purpose of pursuing the investigations you have in mind, referring to the matter of our suggestion that you might see your way clear to aid us in our safety work in Indiana, we cannot see in this any basis for fair criticism."

This report of Bullock's was an individual one, and not the one in which Secretary Wm. Green joined him in recommending a bill.

SALE WILL BE HELD

The combination sale will be held Saturday at the Davis sale pavilion. Because a section of the roof over the part occupied by the bus barn collapsed under the weight of snow a rumor was current that the sale had been postponed, but this is not the case. The snow has been cleared from the roof and there is absolutely no danger. The promoters expect this to be one of the best sales ever held as there is an unusually large amount of stock entered.

SCARLET FEVER IS FATAL

Causes Death of Clyde Kennedy's Daughter at Berkley Cal.

Mr. and Mrs. Robert Kennedy received word this morning from their son, Clyde Kennedy in Berkley, Cal., that his daughter Frances, seven years old, had died from scarlet fever. The little girl died yesterday morning at ten o'clock. Mr. and Mrs. Kennedy formerly lived here and they have two other children. The little girl contracted the disease from her brother, who is still in a serious condition. The funeral was conducted today.

CASADY'S STORE TO BE REMODELED

New Elevated Office, Oak-Finish Shelving and Cash-Carriers

Will be Installed.

WORK TO START ABOUT FEB. 15

The E. R. Casady dry goods store will be extensively remodeled, the work to start about the fifteenth of February. It is hoped to have it completed by the tenth of March. The owner of the store looked about for a room to remove a part of the stock while the remodeling was being done, but this was found to be next to impossible, so it was decided to hold a remodeling sale.

The remodeling plans call for a new roomy, elevated office which will be located just back of the stairway on the north side of the first floor. New cash carriers will be installed and a balcony will be built in the rear on the first floor for dressmakers and the alteration department. With this department moved from the second floor, more room will be provided for the carpets and rugs.

In that department new shelves and racks will be installed. In fact, the shelving throughout the store will be new and will be refinished in oak. A new stock room will be built at the rear of the second floor.

JESSIE COPE FACES BRIBERY CHARGE

Expected to go on Trial for Attempting to Gain Aid of Federal Officials in Chicago.

COL. ALEXANDER INVOLVED

Chiengo, Jan. 28.—Miss Jessie Cope, charged with attempting to bribe federal officials to gain their aid in her breach of promise suit against Col. Alexander, Providence, R. I. millionaire, today was to go to trial before Federal Judge Carpenter. Previous to the bribery indictment against Miss Cope, who is a California girl, Col. Alexander was indicted on a charge of violating the Mann White Slave Act. Miss Cope declared she paid her transportation from a California city to the East. She said he promised to marry her and then scorned her.

The sensation following Col. Alexander's indictment was shortly followed itself by Miss Cope's arrest. Federal white slave investigators and members of the district attorney's staff said she had offered to give them one half of the \$50,000 she expected to get from Col. Alexander either through court action or settlement out of court. The woman is 34. Col. Alexander is some fifteen years or more her senior.

VETOES THE BILL.

(By United Press.) Washington, Jan. 28.—President Wilson vetoed the immigration bill today and sent to the house with the veto a message explaining his reason therefor. Closure of "the open door" and the use of illiteracy tests and other restrictions were given as causes for his action.

REFUGEES HAVE 6 NEWSPAPERS

Mexicans in San Antonio Are Well Supplied With Spanish Dailies.

They Take Sides

THREE ARE FOR CARRANZA

Intervention of This Country is Sincerely Hated, They Saying Great War Would Result.

(By United Press.)

San Antonio, Texas, Jan. 28.—Six daily newspapers printed here in Spanish are eagerly read for news from Mexico by the big Mexican population of San Antonio and vicinity. Five thousand or more refugees are making their home here pending final settlement of the revolutions and counter revolutions in the republic south of Rio Grande. Of the six dailies, three espouse the cause of Carranza, two champion Villa and one favors Felix Diaz.

The Carranza consulate here announced it paid out in telegraphic advice from various Mexican points and exchanges with Washington. These despatches appear in the local Carranzista papers and are copied by the opposition which interferes them in footnotes according to the Villists or Diazista standpoint. The newspapers bristle with news and comment on the Mexican situation, often going far afield for material.

La Prensa, a Villista organ, published a cablegram from Madrid reporting that a paper there through the United States government ought to intervene in Mexico in the name of the Monroe Doctrine and humanity.

Intervention is deeply and sincerely hated by the Mexican refugees here. They want none of it and declare that if the United States intervenes it will involve the Washington government in a great war which will eventually drag in Europe and Asia. These refugees maintain that Mexico will work out its own salvation and they prefer this method, even at the cost of many lives.

WILL CIRCULATE LARGE PETITIONS

President of Indiana W. C. T. U. Announces Plan to Co-Operate With Anti-Saloon League.

PROHIBITION BILL DIFFERS

(By United Press.)

Indianapolis, Jan. 28.—Mrs. Celia Vayhinger, president of the Indiana W. C. T. U. announced today that the Union would co-operate with Anti-Saloon League of Indiana to circulate monster petitions, which she said would be the biggest petition campaign ever put on in the state. She said fifty thousand women of the Union would aid; that men would sign one petition and women another and that only persons over twenty-one would be allowed to sign.

The bill of the Anti-Saloon league, which will provide for statewide prohibition, will differ in one particular from any other ever before the state. It will have a clause allowing injunctions against "blind tigers." It is similar to the abatement bill against houses of ill fame.

Mrs. Vayhinger said the W. C. T. U. was preparing to promote an anti-cigarette bill to forbid the sale of cigarettes.

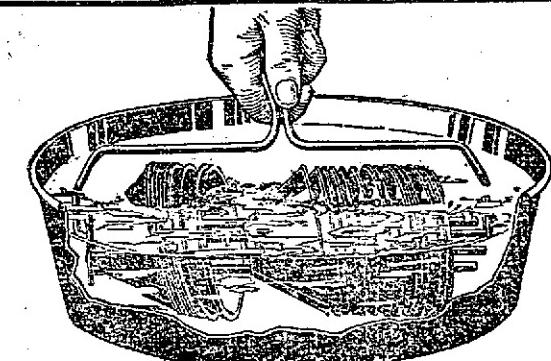

Notice of Final Settlement of Estate.

Notice is hereby given to the creditors, heirs and legatees of Clinton Gwinup deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 6th day of February, 1915, and show cause, if any, why FINAL SETTLEMENT ACCOUNTS with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, the Clerk of said Court, this 14th day of January, 1915.

ABIE M. TAYLOR, Clerk Rush Circuit Court.

J. A. ROSS, Attorney.

You can't make good cream with a dirty cream separator

CREAMERYMEN AND BUYERS all over the country are demanding better cream, and if you sell cream it is to your advantage to deliver the best possible cream.

IF YOU MAKE BUTTER IT is equally important that your cream be first-class. Good butter can't be made from poor cream.

THE ONE FACTOR THAT most largely determines the quality of cream is the sautiness of the cream separator bowl in which it is separated.

THE EASE WITH WHICH the De Laval can be thoroughly washed and kept in a

sanitary condition is one reason why creamerymen prefer cream separated by the De Laval and it is likewise one of the reasons why butter made from De Laval cream has scored highest at the National Dairy Show for over twenty years.

Want Column

BELGIUM MAY BE BIG SIDE ISSUE

George B. Shaw's Contention England France Are Not Doing Enough For Her Gets Support.

SOCIALIST PARTY TO FRONT

Without Casting Reflection of American Efforts, Statement Says Something Must be Done.

BY ED. L. KEEN.
(U. P. Staff Correspondent.)

London, Jan. 3 (By Mail to New York)—George Bernard Shaw's contention that England and France have not done as much as they might for Belgium has received endorsement from an unexpected quarter. The British Socialist party has just directed a sharp letter to Premier Asquith in which they make the same charge. It is understood that similar action is to be taken by the French Socialists and there is a possibility that the question of Belgium will soon again be one of the supreme side issues of the war. In the letter, which was drafted by the Executive Committee of the British Socialist party following declarations are made:

"Over six millions of people in Belgium are on the verge of starvation, and the outlook for the civil population is terrible indeed. The measures taken for their relief rest upon the slenderest foundation. In saying this we do not cast the slightest reflection upon the Americans who are working so strenuously to ameliorate the horrors of the situation."

"Monsieur Emile Royer deputy for Teynai, says in the 'Independence Belge' of the 22nd of this month: 'A friend writes to me from Belgium that, in spite of all the devotion in the work of organizing relief, beggars increase in numbers every day. There are districts where nine-tenths are wholly dependent upon public charity, and the officials there see clearly that they will soon be without resources, and unable to feed anyone. The civil population of Belgium send us messages warning us of their distressed condition and imploring aid.'

"Truly, as M. Royer says: 'A whole Nation is Dying.'

"In these circumstances, Sir, we feel it to be our duty to ask what steps are being taken to mitigate this stupendous disaster. We submit most strongly that the people of Great Britain should know that their government is using every possible means of preventing the wholesale sacrifice of non-combatants and women and children on the altar of military necessity."

"It should be possible for the German Administration in Belgium to give facilities for the free distribution of food under neutral auspices, no matter from what sources those supplies are obtained, and to guarantee that such a distribution shall be made to and enjoyed by the Belgian civil population. We urge, therefore, most strongly that the Allies approach the German government without delay in order to secure such distribution of food to the Belgian people."

"An attempt in this direction should be made at once, and should include a request for a guarantee that all hindrances to industrial activity in Belgium, in the way of fines and impositions should be immediately removed."

"That there are difficulties in the way we readily admit. But they are not insuperable. If the German Administration in Belgium refuses these requests then the Allies would be justified in making an immediate appeal to all the neutral nations."

"The acute anguish of a nation of whose independence and neutrality this country has constituted itself the guardian, appeals to us with pitiful helplessness, and we are convinced that the whole civilized world will approve and applaud whatever steps are taken to give effect to the suggestion outlined above."

Here is a translation of a letter received by the editor of the Indianan from an Indian officer at the front in acknowledgement of pre-

sents made to his troops by the brigadier-general's wife.

"Salutation! I write the following lines to thank Mrs. Cockson Sahiba Brigadier General hoping that you will make me grateful by publishing this in your newspaper, which is full of pearls.

"We, the faithful and devoted officers of the 30th Rissallah Jacob's Horse, heartily thank the said lady for the gifts presented to us on the battlefield.

"At same time we pray that Almighty God may keep us firm in our service and devotion to our superior officers and the Government whose salt we eat."

"Also we desire by all means to the last breath to seek honor in arms by fighting and vanquishing the enemies of the Empire with our relentless swords."

"Being on field service and having little time, I end my letter on these words; the presents give a living proof of the genuine sympathy the said lady cherishes for us the people people of India."

"A thousand thanks to her and prayers for success and victory,

"Your well-wisher,
"Malik Khan Muhammad Khan,
"Woord Major, 36th Jacob's Horse."

REVENUE MUST BE INCREASED-SMITH

Co-Receiver of C. H. & D. Declares Read Will be Abandoned Unless Business Gets Better.

STATEMENT AT CONNERSVILLE

"C. I. & W. must increase its revenue or be abandoned, says Judge Rufus B. Smith," according to the College Corner News. "This was the startling statement made at a public reception at the Connerville depot Friday. There has been a deficit since 1905 and operating expenses have increased 44 per cent. Unless receipts of the C. H. & D. road from Springfield, Ill., to Hamilton, Ohio, increase, the line must go out of operation and cease to exist. The operating expenses have increased the past ten years but the revenue has remained stationary. Four general causes it was explained have contributed to this: The business of the territory through which the road runs has increased but little; parallel and roads crossing have taken some of its traffic; electric and interurban roads have diminished passenger and freight business; and some legislation has been adverse."

"From that time up until the assassination of the Arch-Duke of Austria and his wife a Serajevo, Bosnia, the exporters and importers of those two countries were fighting over the shipments of pigs. Servia never 'got over' the attitude of Austria.

"So, pigs it was, that started this war."

"Although the woman suffrage amendment has been defeated in the House there is still considerable discussion here at the ingenious ways the women have of getting action. Although their objects are often defeated their zeal always wins."

The newest proposition has just been submitted by Mrs. Clara Bewick Colby. She says the women still have another chance and that is this: Get some women to go to the

46 HOOSIERS FEEL HEAVY CHILL TODAY

(By United Press.)

Indianapolis, Jan. 28.—A friend stopped John L. Rupe, Richmond attorney, on the street yesterday and asked whether he would take in the legislature during his visit here.

"I don't suppose I'd dare to, would I?" It was a scant hour before the drastic anti-lobby bill passed the house.

Rupe was never known as a lobbyist but he said he was interested in the passage of the tax amendment in the Stotsenberg list. "We are driving Indiana money out of the state by the present methods and are inviting foreign capital that escapes taxation," he said.

Rupe is a member of the committee of forty representative men appointed by the State Tax Association. He is attorney for the Pennsylvania Railroad.

Whether justly or not the office of state oil inspector, now held by James H. Fry, has been considered an opportunity in that the state inspector can appoint forty-six, the present number, or as many more deputies as he desires. The job is generally recognized as a "snap" because the duties are very light and can be carried in connection with another vocation. The committee's proposal would give the state two-thirds instead of one-half of the fees as at present.

At Last Pigs Are Brought Forth As Cause Of Great European War

BY BURTON K. STANDISH.
(Written for United Press.)

Washington, Jan. 28.—That "Pigs is Pigs," is an old aphorism but that "Pigs is War," is something new.

This gigantic European war, according to the different parties to it, was caused by several hundred different events. Some people say it was started when Sir Edward Goettchen, British Ambassador at Berlin discharged his German cook; others say it was German militarism and many believe Russia started the conflict by mobilizing against Austria. And, by this time, most everyone has forgotten that the war really began when Austria refused the acknowledgement of Servia to her ultimatum.

Well, this story of "Pigs is War," goes back to the time when Servia and Austria were finding it difficult to keep their inhabitants along their mutual border from throwing stones at each other.

Some three years ago, according to officials of the Austria-Hungarian embassy, the armies of Austria and Servia almost came to blows over the shipment of pigs from Belgrade and other Servian cities into Bosnian.

Servia insisted that all pigs, sick pigs and well ones, should be permitted to cross the border and be sold in Bosnia. Austria said pigs having cholera must not be admitted to Austrian slaughter houses. Because of the prevalence of cholera in Servia this Austrian order interfered with Servia's exports of hogs.

Numerous skirmishes along the border between hog shippers, hog buyers and hog raisers, became so acute that the foreign offices of the two governments had to take the matter up. After some exchanges of diplomatic notes the matter was adjusted.

From that time up until the assassination of the Arch-Duke of Austria and his wife a Serajevo, Bosnia, the exporters and importers of those two countries were fighting over the shipments of pigs. Servia never "got over" the attitude of Austria.

So, pigs it was, that started this war.

Although the woman suffrage amendment has been defeated in the House there is still considerable discussion here at the ingenious ways the women have of getting action.

Although their objects are often defeated their zeal always wins.

The newest proposition has just been submitted by Mrs. Clara Bewick Colby. She says the women still have another chance and that is this: Get some women to go to the

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy;

take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia,

and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so if no longer irritating.

• Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

polls and try to vote. If the officials refused she would sue and bring a test case before the Supreme Court.

Then the highest court would have to decide whether a woman is a citizen. If the decision was favorable, the suffragists, declare, they would have a right to vote.

Friends of Secretary of the Navy Daniels are breathing somewhat easier as a result of Secretary's Bryan's announcement that his securing of a home at Ashville did not mean that he intended running for the United States Senate from North Carolina.

political gossip among friends of the Secretary of the Navy declares

Mr. Daniels has an eye on a seat on the Senate after the close of the present administration. Mr. Daniels has long been an ardent admirer and follower of the Commissioner.

For Bryan to be a candidate would, to say the least, be embarrassing for the Secretary of the Navy.

We don't tell you how cheap we'll sell some things and make up on others. Get our prices before you buy and be convinced that we have both the PRICE and QUALITY.

Great REMODELING Sale

You, our customers are to be held responsible for the conditions which make this sale absolutely necessary. By your increased patronage during the past year, and the unprecedented demands you've made, we must remodel our store; give more selling space to certain lines and utilize every inch of available space. Plans have been drawn and contract let for the improvements. In a short time the carpenters will be at work. We had planned to move half of our stock into another room during the time required to make the improvements, but we find it impossible to secure a suitable room for a temporary Dry Goods Store, therefore, we have decided to move half of our stock into the homes of Rushville and Rush County to the tune of fifty to seventy-five cents on the dollar. In some departments a lot of spring goods have been received, while in other sections delayed winter shipments will be on sale at fifty cents on the dollar and less. You will find bargain counter after bargain counter piled high with the greatest bargains ever offered by this or any other mercantile institution on the face of the earth.

Remodeling Sale Continues for Two Weeks, Ending Sat., Feb. 13

Remodeling Sale Women's Up To Date Cloaks

Just 100 splendid Coats left to select from. In speaking of the number of garments you have to choose from, ask yourself this question, Would you like to select your new coat from a stock of three or four hundred old garments at slightly reduced prices, or would you prefer selecting it from 100 new coats (two to four months out of the factory) at HALF PRICE and less. One year ago today we could not sell you a Coat (out of stock) at any price. We were entirely out, everyone sold during the Kennedy & Casady Dissolution Sale. We started the Fall and Winter season 1914-15 with every garment strictly new. The sale of every garment was guaranteed by the manufacturer. It is now their loss not ours. They have instructed us to sell them at any price. You will find these garments divided into three lots.

Great Remodeling Sale Prices on Rugs, Carpets, Curtains and Linoleums

This sale is far different than the usual Bargain Sale. Instead of odd lots, soiled and poorly made goods, we offer new reliable floor coverings, merchandise that are absolutely guaranteed to stand the test of quality and good taste. We know you are expecting great bargains; you won't be disappointed. The year 1914 was by far the best year this store's floorcovering department ever experienced. There's a reason—the best values to be found are at Casady's. The greater part of our spring purchases of Rugs, Carpets, Linoleums and Lace Curtains have been received and are included in this sale. We court comparison.
